White Oak CDP Meets Saturday

MRS. GEORGE BORING Mountaineer Reporter

The regular semi-monthly meeting of the White Oak Community Development Program will be this Saturday night at 8 o'clock at the Community House. The program will be in charge of the Teague families: Mr. and Mrs. Henry F. Teague, Floyd Teague, and Mr. and Mrs. Sherrill Teague. Chairman George Boring hopes there will be a record attendance present to enjoy the entertainment they have planned. The ladies are asked to bring cake. At this meeting the three pilot farms for the community will be selected. As many farmers as can come are urged to be present, so that farms selected will be a good representation for White Oak. (Don't stay away and then gripe about the ones that are selected—come on out and choose the ones you want.)

Currency Treasury — Old, But Still Fresh

SPARTANBURG, S. C. — (AP) —When you break a bill at a hotel here, your change looks like it's fresh from the mint. But the coins may be several years old, despite their shiny finish.

The secret is an ingenious money-polishing machine that handles about \$350 in coins at a time. A revolving cylinder is filled with change, water, cleaning and polishing powder, buckshot and small steel spikes. After the mixture agitates a few minutes the coins look and feel like new.

Kindergartens Born

The idea of kindergartens was first suggested by Friedrich Froebel in 1840 in Germany. The first successful public kindergarten in the United States was started at St. Louis in 1873.

Mr. and Mrs. Roger Best of Texas have been visiting relatives here for the past week.

Sorting Out Worms
If you keep a supply of worms on hand for fishing, sort them over at least once every two days. Throw out the dead or injured ones, so that they will not contaminate the rest.

GET TWICE THE HEAT! SAVE HALF THE OIL—

Siegler PATENTED AUTOMATIC OIL OR GAS HEATERS

Does a better job of heating than any stove on earth!*

Tropical Floor Heat

GETS TO THE BOTTOM OF THE COLD FLOOR PROBLEM

This 'Two-in-one Heatmaker' DOES IT!

Siegler doesn't waste heat up the flue as ordinary heaters do! In Siegler, a second heater is built inside the regular heating chamber... built right into the heart of the hottest fire! This extra, patented, heater-within-a-heater captures the intense heat from the burner flame and simply pours it out over the floors throughout your home.

This 'Match-Test' PROVES IT!

Your dealer will demonstrate. You'll see and feel how Siegler captures the hottest top-of-the-flame heat and forces it over your floors for extra comfort and economy!

This GUARANTEES IT!

*"If your Siegler Oil Heater doesn't deliver more and hotter heat over the floor than ANY comparable size heater regardless of make or price, you get your money back!"
