Massey Family Produces Bumper Crop Of Apples

Apple trees in the Mildale Orchard tried to outdo themselves this year, as evidenced by sample limbs of fruit shown being held by the three here. Mil-ton, left has a limb loaded with Golden Delicious apples, while Z. L., center, holds a 26-inch limb with 36 apples. This is on display at The Mountaineer. On the right Dale holds a limb that does not have so many apples, but makes up for it in size. (Staff Photo).

Advertisement for Carolina Power & Light Company featuring a cartoon character flying through the air, the slogan 'FASTER THAN A JET!', and text explaining the speed of electricity. The cartoon character is a man in a suit and hat, flying through the air with a determined expression. The background shows a stylized landscape with clouds and a power line tower. The text reads: 'FASTER THAN A JET! The electricity you use in your home is faster than a jet plane—as fast as light itself. When you touch the switch, the electricity is made and delivered to your home in a split second. Your requirements can't be stored behind your switch—your electricity must be made and used in the same instant. For this reason the electric business is different from most other businesses. Our company must be capable of supplying the entire demand of our area instantly—at any second of the day or night—year in and year out. This company is proud of the fact that there has never been a shortage of electric power in the area it serves. CAROLINA POWER & LIGHT COMPANY'
