Gentlemen:

We are now starting distribution of the 20,000 booklets that you have just printed for us, and want to compliment you on the fine and most satisfactory work of the booklet.

On behalf of the Haywood County Highlanders, I would like to say: You have done it again, bigger and better, and at a great savings on our part. It gives us a feeling of comfort to know that our local newspaper publisher has the skill, knowledge of arts and color, fine supervision, and fine equipment to meet our demands.

We appreciate the fact that you produced these booklets ahead of schedule, and your fine cooperation, and feel well rewarded for the fine printing job as reflected in all 28 pages.

Again my hearty thanks.

Sincerely yours,
L. E. DeVous
