THE STORY OF EASTER - 5.

JESUS CARRIES THE CROSS

PROCESSION TO CALVARY

The procession to "Golgotha" (which means place of the skull) began. There were Jesus and two robbers, each carrying a cross. There were the mob and the Roman soldiers. And there were the disciples of Christ.

But Jesus had been scourged and abused for many hours. He faltered. "They came upon a man of Cyrene, Simon by name; this man they compelled to carry His cross."

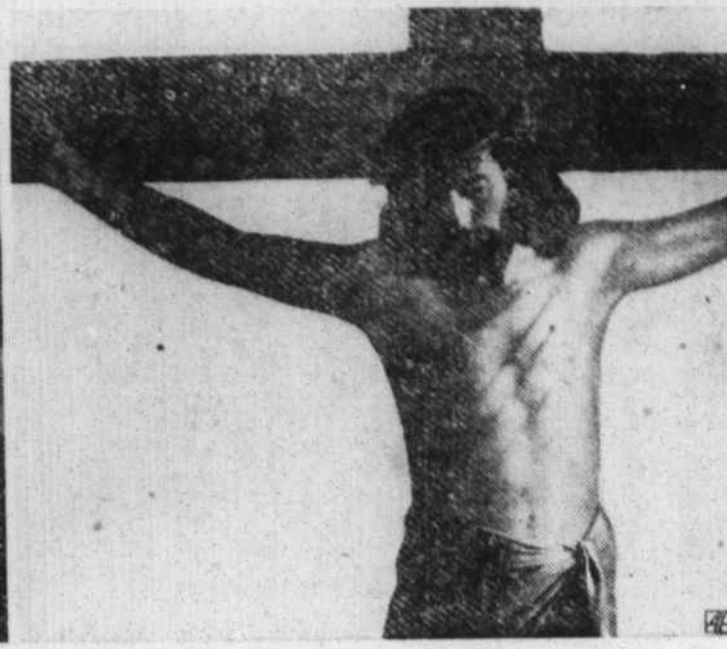

They offered Him wine mixed with gall which He refused to drink. They crucified Him between the two robbers. They mocked Him.

"Save Yourself!" they said. "If you are the Son of God, come down from the cross." So also the chief priests with the scribes and elders mocked Him, saying, "He saved others; He cannot save Himself. He is King of Israel; let Him come down now from the cross and we will believe in Him."

They put a sponge of vinegar to His lips. "And Jesus cried again in a loud voice and yielded up His Spirit."

voice and yielded up His Spirit.

"And behold, the curtain of the temple was torn in two, from top to bottom; and the earth shook, and the rocks were split; the tombs also were opened, and many bodies of the saints who had fallen asleep were raised, and coming out of the tombs after His resurrection they went into the Holy City and appeared to many."

"When the centurion and those who were with him, keeping watch over Jesus, saw the earthquake and what took place, they were filled with awe, and said, 'Truly this was the Son of God!'"

"There were also women looking on from afar, among whom were Mary Magdalene, and Mary the mother of James the younger, and of Joseph, and Saome, who, when He was in Galilee, followed Him, and ministered to Him; and also many other women who came up with Him to Jerusalem." (Next: The Resurrection)

Sand Hill Wins Debate From Bethel Team

By MELVIN BURKE

The Sand Hill debating team defeated the Bethel Debating team in a match March 26 in the Bethel auditorium.

The topic on which the two teams debated was: "Resolved, that the Atlantic Pact Nations should form a Federal Union."

Martha Russell and Reba Frady, representing Bethel, were the affirmative team. Julian Brown and Patricia Horton formed the negative team.

The debate lasted for approximately fifty minutes. Both teams stated very strong facts, but Sand Hill had the strongest team and won by a majority of the votes of the judges.

The judges were Mrs. H. K. Terrell, Mrs. Joe Beverage and the Rev. L. B. George, pastor of Bethel Methodist Church.

New Baseball Field Being Made At Bethel

Bethel High School has started working on a baseball field for a new team which will be organized at Bethel.

It was necessary to build up the ground with dirt from a field behind the Agriculture building. The sand was obtained from Cathey Cove.

The R. E. A. furnished the poles and also put them up. The agriculture department furnished the tractors. C. C. Poindexter and E. B. Rickman provided the trucks to haul the dirt and rocks.

Mr. McField and the F. F. A. boys have been spending much time on the field to get it in readiness shortly.

NEW STUDENT

Eugene Murphy, who formerly attended Whittier School, is now enrolled in Mrs. Cagle's first grade class.

Women Who Have Changedampoos During the Past Year

If you have changed your shampoo in the last twelve months, you've probably done so for one of two reasons. For like your millions of women who are switching from one shampoo to another, almost all with good reason.

There's a good reason for each of the two reasons, in fact. Many shampoos now on the market are so-called "all-purpose" shampoos. In other words, they differ just as much as the old-fashioned shampoos do. And each of these different types of shampoo has its own special characteristics.

What is an "all-purpose" shampoo? It's a shampoo that tries to do all trades. The idea is to be "master" in the other hand, your shampoo should be as individual as your skin.

Whether your hair is either dry, oily, normal, or bleached. So how do you choose an "all-purpose" shampoo? Here are a few tips.

First, be sensible. Scientists have found that the shampoo problem is not a matter of different shampoos, but of four types of shampoo.

Custom-formulated shampoos are now available for the hair. They bear a famous name—Aquamarine Shampoo. While each is expressed for a different type of hair, they work their wonders in a new exclusive shampoo—magnetism.

The new shampoo introduced by Revlon called "Magnetol" gives you complete control over your hair immediately after shampooing. It is almost as though each bottle came complete with a hair-dresser: your hair is so amazingly manageable.

Here's how "Magnetol" works: As you probably know, when your hair is thoroughly cleaned, many important natural oils have been removed along with the dirt. "Magnetol" replaces these oils, because this incredible ingredient is magnetically attracted to hair. In other words, clean hair actually attracts "Magnetol" to it, and thus "Magnetol" practically becomes part of the hair-shaft, so that your hair has more "body" immediately after your shampoo. In fact, it becomes as beautifully manageable in minutes as it would be two or three days after an ordinary shampoo!

This we promise: you'll never again say, "I just washed my hair and I can't do a thing with it." You know which type of hair you have. Every woman does. Now at long last you can do something positive about it. Simply ask for Aquamarine Shampoo for Dry Hair... Oily Hair... Normal Hair... or Tinted and Bleached Hair. You'll get what you've always been looking for—a perfect shampoo for your type of hair... a shampoo that cannot fail to give you shimmering, beautifully clean hair, alive with dancing highlights... hair that is manageable instantly instead of 2 or 3 days later. Unbreakable plastic bottle—so safe, so economical to use. 1.25 each. No Federal tax. Now available at
