

FOUR HAYWOOD CITIZENS were injured when two Buicks met head-on just east of Canton about 6:30 Wednesday night. A third car, hit by a tire from the wreck, was not damaged much. On the left is the Buick which was being driven by E. J. Lilius,

Waynesville. He suffered a compound fracture of the left leg. The driver of the other car was Charles Robert Edge, of Clyde. He and his three brothers were in the car at the right.

home-produced by experienced manufacturers whose money is spent locally and who are vitally interested in the welfare and prosperity of the community."

Smoky Mountains Fertilizer Company opened their plant here early in 1950 to produce the high quality plant foods necessary for increased crop production in Western North Carolina. In spite of the shortage of crucial raw materials during that period, this company has shown a steady growth in the distribution of Blue Ridge Brand Plant Foods, indicating the satisfactory results obtained by the users of these quality fertilizers. This growth makes it necessary to expand the production facilities, particularly in Super-phosphates so vital to our soils, in order to assure their customers of a continuous and economical supply of this important material.
