A dedication service and burning of a bank note will take place at Fincher's Chapel Methodist Church on Hyder Mountain Sunday morning at 11:00. The handsome new church of brick, steel and native stone was completed three years ago and is now owned in full by the church,

Built on a high hill, it stands on almost the same spot as its predecessor, first built in 1894. Cost of the new building was \$13,-000, and in the words of its pastor, the Rev. Mrs. C. O. Newell, "By the untiring efforts of the good people of this congregation, Fincher's Chapel is now ready to be dedicated. Much credit for this is due the loyal women who have met weekly for the past three years in the church basement to quilt. Fellowship dinners have been another means of raising money for the church. The public is cordially invited to worship and rejoice with us Sunday morning." Bishop Charles C.
