

Saunook PTA Votes To Join County Council

By MRS. JULIA McCURE
Community Reporter

The Saunook PTA held its regular monthly meeting Thursday evening at the Saunook school. All members present voted to join the County Council which is being organized.

The Saunook Community Development program met at the Saunook school Friday evening with chairman W. W. Rowland presiding. W. M. Landess of the Tennessee Valley Authority's Division of Agricultural Relations was the speaker.

Two of the county agents, Steve Cassel and Homer Sink, were also present.

Mr. Landess showed slides and gave an excellent talk on community co-operation. He especially brought out the point "as an individual one cannot accomplish as much as a group working together to help each other."

The following officers were elected for the new year: chairman, Steve Plemmons; vice chairman, Dillard Hooper; secretary and reporter, Mrs. Julia McClure.

Plans were made for a business meeting to be held Thursday evening, Dec. 11 at 7:30 p.m. at the school. R. N. Barber, Jr. has been invited to speak on growing a small orchard for home use. Also to give advice as to the best variety for canning and eating. The Barber orchard at Saunook is the second largest individually owned apple orchard east of the Mississippi River. Second in size to that of Senator Byrd of Virginia. Everyone on Saunook has confidence in Mr. Barber's knowledge of growing and caring for an orchard and all who plan on this project should make a special effort to attend this meeting.

In last week's paper we read where for the first time this year since 1917 two couples from Oklahoma do not have children going to school. Right here in Haywood County, we can beat that one.

This is the first year since 1916 that Mr. and Mrs. H. H. Eavenson of Saunook do not have a child in school. In 1916 their eldest daughter, Emma, now Mrs. Andrew Bialek, entered school at the old Quinlan Town School on the head of Allens Creek.

Since that first small school Mrs. Bialek has gone a long way, having graduated from Western Carolina Teacher's College and taught in Puerto Rico for three years. While teaching on this island she met and

married Mr. Bialek. Mr. and Mrs. Bialek now live on a farm in the State of Pennsylvania.

Other children of Mr. and Mrs. Eavenson are Mrs. Elsie Davis, Mrs. Farmer Rogers, Mrs. Rufus Melton, Mrs. Hoot Gibson, Mrs. Ralph Pressley, Lester, James and Tom Eavenson. Several of these children of Mr. and Mrs. Eavenson graduated from Waynesville Township High School.

Mr. and Mrs. Eavenson have twenty-six grandchildren including two sets of twins. Eighteen of the grandchildren are in school at the present time.

Mr. and Mrs. Eavenson have worked hard to rear their large family and now as they are nearing the sunset of a happy useful life they have a nice comfortable home and one of the best apple orchards of Saunook where visitors will always find a warm welcome.

Two of our Saunook hunters believe in hunting either for sport or maybe looking on the practical side and supplying the family with plenty of meat. Carl McCracken, Jr. brought home a large deer on Thanksgiving and Claude C. McClure, Jr. (Bud) also killed a large eight point buck weighing about one hundred fifty pounds, dressed.

Pvt. Jimmie Hooper spent last weekend in Durham.

Miss Alawayne McClure who is a student at Berea College spent Thanksgiving at her home on Balsam Road. While at home Miss McClure had as her guest Lyn Claybrook of Oneida, Ky.

Mrs. Grover Hawkins of Portsmouth, Va., visited Mr. and Mrs. Walter Hawkins last week.

Mr. and Mrs. James Smith of Atlanta, Ga. were guests of Mr. and Mrs. Calvin Rable at their home on Red Band last week.

Pvt. Jimmie Hooper who has been spending his furlough with his parents, Mr. and Mrs. Lawrence Hooper, left Monday for Camp Kilmer, N. J. where he will join his company and sail for duty in Germany.

Mr. and Mrs. Crawford Hawkins of Lenoir spent a few days last week at the home of Mr. and Mrs. Walter Hawkins.

Work on the Sunday School rooms at the Pleasant Baptist Church is progressing nicely and it should not be too long until we will be ready to move into them.

The work on the school audi-

torium is also well underway.

We are sorry to report Aunt Margaret Hawkins on our sick list this week.

Mr. and Mrs. Guy Queen and Porter Queen spent last Sunday at the home of Mr. and Mrs. Horace Queen in Spartanburg, S. C.

Mr. and Mrs. Vaughn Rhinehart Jr. and children visited Mrs. Charles Watson at her home in Skyland.

About 120,000 horses were pulled from the streets in the United States in 1884.

Marine Corps To Form New Mountaineer Platoon

The Marines are again offering the opportunity to serve with their friends. The Recruiting Service announced today that the Second Mountaineer Platoon is now being formed. This platoon, like the first mountaineers of last July, will be made up of men from Western North Carolina, and will be scheduled to leave Asheville on the 19th of January, 1954.

Men can sign up now, be examined and sworn in, and then return home to leave in January.

This means you can actually become Marines, but yet remain home for Christmas and New Year's, Marine recruiters said.

The first Mountaineers proved to be the best platoon that has graduated at Parris Island for several years, according to Recruiting Sgt. Joseph H. Lathrop. "This just goes to show that men serving with their friends work together better and have a greater spirit."

"After having interviewed several men from the last platoon, we found that they were very

pleased with the platoon idea and encouraged it in the future, and because of these men being so well satisfied, we are now accepting enlistments for the second Mountaineer Platoon, to leave in January.

"It is anticipated that the second Mountaineer Platoon will better the record set by the first and prove even further that men serve better and with more pride and spirit when they are given the opportunity to serve with their friends from home," Sgt. Lathrop

added.

Young men who are interested in serving with their friends in this platoon, leaving January 19th, are urged to contact their local Marine Recruiter at the Waynesville post office on Monday, or at the Asheville post office the remainder of the week.

The axis of the earth shifts as much as 60 feet at the north pole in a 14-month cycle because the earth wobbles.

Child Misses Death

SAN MATEO, Calif. (AP)—Anella Leoni, 5, on her way down the driveway home and under a passing mobile.

The driver, Mrs. Marjorie, thought she had run over and stopped after half a mile. Men lifted the car and crawled out — with only injuries.

The so-called Thousand Group on the New York-Corridor actually contains islands says the National Geographic Society.
