Officers Here's Why Marciano Is Favored In Champion Bout With Archie Moore On Sept. 20th

Monday Afternoon, August 1, 1955

By FRANK ECK

Small wonder that Rocky Marciine is favored to keep his world heavyweight title when he meets Archie Moore in Yankee Stadium on Tuesday night, Sept. 20.

Marciano never has been beaten in 48 fights and has won 42 by knockouts. Moore, who has been fighting professionally since 1936 - almost 20 years - has failed to win 24 times in 144 fights. He has been knocked out four times, lost 13 decisions, lost two bouts on fouls and engaged in five draws.

A glance at the common foes each has met is a big reason why Marciano is the choice to remain unbeaten.

Four fighters have faced both Marciano and Moore. They are Ezzard Charles, Art Henri, Ted Lowry and Phil Muscato. Of the quartet only Charles scaled the heights. What the former heavyweight champ did against Rocky and Archie remains as the mast important item where common foes are concerned.

Marciano beat Charles handily in June of 1954. It was a onesided decision over 15 rounds. Three months later Marciano made the result more pronounced, stopping Charles in eight rounds. Ezzard never asked for a return bout and probably never will.

On the other hand, Charles fought Moore three times and Archie never did get Ezzard's number. In May of 1946, Charles won a 10-round decision over Moore in Pittsburgh. The following May they took the show to Cincinnati and Charles again beat Archie in 10. In January of 1948 the pair moved to Cleveland and Charles knocked out Moore in eight rounds. Respectively, they were the No. 1 and 2 light heavyweight contenders and scaled 173% and 173 pounds. favor is his age. Rocky will go into the fight 19 days past his 31st birthday while Moore will be 39 seven weeks after the fight.

Moore's stock rose to new heights when he scored a threeround knockout over Carl (Bobo) Olson, world middleweight champion, in June. For those who became jubilant over Moore's showing against a smaller and lighter opponent it should be pointed out that Olson has been a notoriously

The coming fight could be a battle of left hooks. It is attractive for no other reason than that Marciano's manager. Al Weill, has been accused of ducking Moore all these years. Secondly Moore was won his last 21 fights, 13 by knockouts.

But comparing common foes, plus Marciano's age and unblemtion — a right to the chin and two ished record, it takes no genius to short but sharp left hooks to see why Rocky is favored to beat
