

## Grand Jury Finds Schools Of Haywood County To Be In Good Condition

### Judge Pless Compliments Jury's Work

The Grand Jury completed their work and made their report to the court Tuesday afternoon, after handling some 75 bills, and rendering all of them "true bills" according to Harvey Dulin, foreman.

Judge J. Will Pless told the 18 members of the grand jury that they had done an "efficient piece of work".

A recommendation of the grand jury that a sign be placed over the door of the commissioner's room when the grand jury was in session got prompt attention, as Judge Pless ordered Sheriff Fred Campbell to see that such a sign was painted, and arrangements made for attaching and detaching the large-lettered sign.

Hard to believe? Listen . . .

If you can afford *any* new car, you can afford this brawny Buick SPECIAL Sedan — for a very simple reason.

This Buick is priced within a few dollars of the well-known smaller cars—and actually costs *less* than some models of those very same cars. (The price we show here proves that.)

Want more proof? For two years in a row now, Buick has outsold every other car in America except two of those well-known smaller cars. And you can bet your bottom dollar that it takes bedrock prices to stay in the Top 3 of the nation's best sellers.

But even that isn't the whole story—not by a long shot.

Folks are buying Buicks in record numbers because they find in these big beauties a lot more automobile for the money.

They find here more styling freshness and distinction — more snap and ginger and power thrill — more comfort and luxury — more ride stability and steadiness—and more structural solidity and pure automobile than the same money buys elsewhere.

So if you want to move into the big-car travel world at a small-car price — if you want to have the time of your motoring life with the lift and lilt and pride and prestige of a beautiful new Buick as your very own — what's holding you back?

Drop in on us right quick — tomorrow, maybe? — and we'll show you the biggest bundle of high-powered Buick ever offered in America's low-price field.
