

Thickety CDP Will Push '56 Rural Safety Program

Members of the Thickety CDP voted unanimously to adopt the proposed Farm Home and Safety program as a project for 1956 at the regular meeting held at Oak Grove Church Friday evening.

A steering committee composed of the chairman, McConley Ford, Harold Moffitt, Jim Harris, T. J. Fletcher, Mrs. Jarrett Williamson and Mrs. Sherrell Jimison, was appointed to select the various standing committees for the CDP this year, and especially the necessary committee chairmen for the Farm and Home Safety project. This committee will meet at the home of Mrs. Williamson Friday night at 7:30.

Other projects for the year were presented by the chairman with special emphasis on some system of rural fire protection, and a sanitary garbage disposal plan, both of which can be made a part of the Safety program.

A plan for increasing attendance at the regular meetings was inaugurated, and awards will be given at each meeting. Those receiving a silver dollar award Friday evening were, Howard Dotson, Harley Wright and Wilson Medford.
