"It's The Little Things That Count"

LEADING CHEERS for St. John's High School this year is this octet, composed of (right row) Karlen Klosky and Margaret Reed; (second row) Myrna Miller, Teresa Fernandez, and Gail Pizzuto; (third row) Anne Hooper, Nancy Underwood, and Ann Heinz. (Mountaineer Photo).

Make Your Living Room Family's Leisure Center

By RUTH CURRENT
State Home Demonstration Agent

LIVING ROOM STORAGE—Make your living room a place where family members will enjoy spending leisure time. Provide space for reading, playing, talking, and playing music. You will want good storage space for books, magazines, sheet music, records, games, tables, and musical instruments.

Storage space can do much to make your living room attractive, livable, and convenient — shelves built in to hold books, magazines, and sheet music; cabinets to hold games, toys, and accessories; closets for card tables, musical instruments, and firewood. Where it is impossible to provide storage space in the living room, use an adjoining hall or room nearby. And build your storage space to suit your family's needs.

FABRIC FASHIONS FOR TABLE SETTING—Fashion calls for linens with dash and character. Old or white linens may be given new life by dyeing them. (You can do it in the automatic washer.)

Place mats may be made, hemmed or fringed, from a wide assortment of fabrics to give variety in table setting. You will find mats in emphatic colors made from sack cloth, butcher linen, fine linen make effective backgrounds for your china and earthenware.

Enrollment Down But Up. When is a slump not a slump? Enrollment at Chapel Hill for the spring semester is 6,354 students. This is down a little over 200 students from last fall's enrollment.

But it is 400 ahead of the enrollment for the spring semester of 1954.

The significant thing is that enrollment year by year keeps going up and up. A sign of the coming wave of students that have been expected since the close of World War II.

Brooks Scholarships May 1 is the deadline to apply for A. L. Brooks Scholarships. Mr. Brooks gave a million dollars to help students attend either one of the three units of UNC.

TODAY'S Menu

Fresh Produce Found In Markets All Year

By ALICE DENHOFF

THERE was a time when lettuce was unknown except in spring and summer. Avocados were unknown altogether. Citrus fruit was so rare that it was a traditional Christmas stocking filler.

Today, thanks to modern methods of cultivation, transportation and storage, most fruits and vegetables are available right through the year and at reasonable prices, too.

For Added Vitamins
Salads should be served frequently during the winter months to take care of the extra vitamin and mineral quotas we all need to ward off infections. For a Tossed Fresh Vegetable Salad, to serve 8, toss together 1/4 lb. shredded, uncooked spinach, 1/2 medium-sized head lettuce, torn into bite-size pieces, 1 c. diced, cooked potatoes, 1 c. shredded, uncooked cabbage, 1 c. shredded uncooked carrots, 1/2 c. shredded uncooked turnip, 1/2 c. thinly sliced radishes, 1/2 sliced, medium-size onion, 3 tbsp. fresh lemon juice, 3 tbsp. salad oil, salt and pepper to taste.

Salad Dressing
A fresh grapefruit salad dressing really does things for avocado. Try this one and see!

To serve 4, cut 2 medium-sized avocados in halves and remove seeds. Peel and slice 1/2 in. thick. Place lettuce on 4 salad plates over which arrange avocado slices.

To prepare the dressing, mix 1/2 tsp. salt, 1/4 tsp. celery seed, 1/2 tsp. paprika, 1/4 tsp. ground white pepper, 1/2 tsp. chopped onion, 1/2 crushed garlic clove, 1 tsp. sugar, 1/2 c. salad oil, 1/4 c. fresh lime juice, and 1/2 c. fresh grapefruit juice and grapefruit segments broken into pieces. Mix thoroughly. Chill and serve over the halved avocados. Makes 1 c. dressing.

For a Citrus Salad
In the following recipe, avocado serves as the basis for a fine dressing. Use this one with a citrus salad.

For 6 servings, peel 1 large grapefruit and 3 oranges, cutting all into sections. Place crisp lettuce on 6 salad plates over which arrange citrus sections. Top with dressing.

To prepare 1 1/2 c. of dressing, mix well 3/4 tsp. salt, 1/4 tsp. paprika, 1/4 tsp. powdered dry mustard, 1/2 tsp. ground white pepper, 2 tsp. sugar, 1 crushed garlic clove, 1 c. salad oil with 1/4 c. avocado puree and 1/4 c. fresh lemon juice. Serve chilled.

News Of The Ninevah Area

By MRS. AZE GRIFFIN
Community Reporter

Mr. and Mrs. Brittain Smith, and Mr. and Mrs. Gene Ledford spent the weekend in Andrews.

John Smiley, of Newport News, visited his family here over the weekend.

Robert Gilford, son of Mrs. Anna D. Gilford, is spending a fortnight with his mother. He served 18 months in Japan with the Air Force.

Mrs. Lois Ferguson, Miss Barbara Ferguson, left Monday for Newport News to visit Mrs. Douglas Bowen, and Mrs. Wayne Kelly.

Among those from our community in the hospital are Mrs. Fred Troutman and Mrs. Anna Reece.

Nazareth, Christ's home city, was so insignificant that the term "Nazarene" was used in derision.

Oil-rich doodoo nuts are strung together one above the other to make torches in Polynesia.

Smart Suit

INCC TRU

By VERA WINSTON

LIGHT brown wool tweed is used for a casual little suit that should see plenty of good wear. There's lots of interest in the jacket which has a bow of navy blue peau de soie above the single breasted closing. The back is yoked with soft gathers that makes for an easy fit. Skirt is slim. Blouse of cotton print in navy, white and brown and jacket lining to match.

Draft Status Of Men Changed By White House Order

(By the Associated Press)

A new presidential order virtually relieved fathers and men over 26 from any present likelihood of being drafted.

They will still be subject to call, a White House announcement said, but they won't be drafted unless military manpower needs cannot be met from pools of younger men and nonfathers.

An executive order, signed by President Eisenhower changed the order in which registrants will be called for induction.

It put childless registrants aged 19 through 25 ahead of fathers and older men on the list from which draft boards will fill their quotas. There are now an estimated 1,347,000 registrants in the 19-25 group. Annual additions to the category are estimated at 200,000.

Comparison Given
By comparison, the annual nationwide draft calls would be 192,000 at the rate of 16,000 a month. The March draft call is at the 16,000 figure, but the February and April calls are for only 6,000 each month.

Up until now fatherhood has not been a ruling factor in the operation of the draft. The practice has been to call the oldest eligible men first, regardless of parenthood, and work down.

A Selective Service spokesman said that while the law permits drafting a man up to the age of 35, the oldest called in recent times was 33 1/2.

The spokesman said the new order would give the military services the best available men and would be more economical for the government from the standpoint of dependents' allowances.

Here is the new order for calling men up:

First, draft delinquents who have reached 19, with the oldest being selected first.

Second, volunteers up to the age of 26, in the order in which they volunteered.

Third, nonvolunteers 19 through 25 who do not have a child, with the oldest being selected first.

Fourth, nonvolunteers 19 through 25 who do have a child, with the oldest being selected first.

Fifth, nonvolunteers aged 26 or over with the youngest being selected first.

Sixth, nonvolunteers between 19 1/2 and 19 with the oldest being selected first.

Europe GRIPPED BY DEEP-FREEZE

A NEW COLD WAVE is reported sweeping over Europe, adding more deaths to the already heavy toll of suffering and privation brought on by the continent's worst deep-freeze in many years. At top, sight-seers view the stranded British freighter, *Baltrover*, trapped in the Elbe River ice for weeks. At bottom, biting wind and falling snow give a Siberian-like welcome to Russian tourists in Vatican City, Italy, as they walk through St. Peter's Square. The famous Basilica can be seen in the background. (International Radiophotos)

Bethel Honors PTA Presidents

Presidents of the Bethel School Parent-Teachers Association, past and present, were honored during the Founders' Day observance at the school.

Following the business, Principal C. C. Poindexter told of the origin and purpose of the PTA. Presidents, outstanding teachers, and parents of the school, were recognized by gifts of yellow and blue flowers, the PTA colors.

Miss Buckner's Future Homemakers presented an interesting program after which refreshments were served in the lunch room.

Mrs. Margie Cathey was recognized as the outstanding parent of the year, and Mrs. Della Phoenix as the outstanding teacher.

Past presidents recognized were: Mrs. Grover Abel, Mrs. John Cathey, Mrs. Alex Shumolis, Mrs. Ralph Kelly, Mrs. Hugh Terrell, Mr. Tyson Cathey, Mrs. I. A. McLain, Mrs. Horace Peek, Mrs. Howard Smathers, Mrs. M. C. Nix, Mrs. James Edwards, Mrs. James Reeves, Mrs. Clifton Terrell, Mrs. R. G. Chason, Mrs. Jack P. McCracken, Mrs. Harrison Henson, (1954-55 & 1955-56), Mrs. Harley Wells, (1956-57).

for operation as well as for construction."

The House Appropriations Committee Friday approved spending of \$15,000,000 for construction of facilities in the parks, as part of \$415,963,200 appropriation to finance the Interior Department in the fiscal year beginning July 1.

Eisenhower had first asked \$5,200,000 for the park work, and then asked \$8,350,000 more in a special request Feb. 2.

However, the committee said the demands on the parks by the public justify an even larger program.

In voting for \$15,000,000, the committee did not specify where the money should be spent, as among the various national parks.

It said heavier burdens on the park system could be expected as a result of highway improvements and greater leisure time on the part of the public generally. It said there is an annual increase of about two million persons in the number of park visitors and 54,000,000 are expected next year.

The House is expected to vote on the appropriation this week.

Gains In Park Funds 'Look Good', Tennessean Asserts

News from Washington that the House Appropriations Committee had recommended \$1,500,000 more than the administration asked for improvements of national park facilities "sounds good but we don't know yet what the Smokies will receive," Carlos Campbell said in Knoxville.

Campbell, secretary of the Great Smoky Mountains Conservation Association, said, "The recommended increases look good from a national standpoint, and we are trusting that the National Park Service will give us a fair share of the increase for construction."

"We still hope that some way will be found to increase our funds
