

Boosters Club To Erect Modern Civic Meeting Place In Hazelwood

Club Buys Site For Building

The Hazelwood Boosters Club has purchased a lot and is completing plans for the erection of a civic community building.

The lot is 75 by 126, and is on Virginia Avenue, across from the Baptist parsonage. The purchase was made from Mr. and Mrs. George Walls, with Howell Bryson, representative of the club handling the details. Bryson said that Mr. and Mrs. Walls made a "substantial concession" on the price of the property since it was for a civic enterprise.

The finance committee of the Boosters Club is composed of C. N. Allen, Dr. R. Stuart Roberson and A. P. Ledbetter. They said that plans are to start construction of the cinder block 40 by 80 foot building as soon as possible.

The building will have a kitchen, dining room, rest rooms, and will be large enough to seat several hundred people.

The civic leaders said the building would be available to all civic groups who could make use of the facilities.

The project is part of the Finer Carolina program of Hazelwood, it was announced.

The civic club decided to erect the building due to the absence of any facilities in town, and to make it available to all other groups. The club is a sponsor of the Boy Scouts, and the auxiliary unit is the Boostettes, which has a number of civic projects which they sponsor.

The Boosters are at present meeting in the school cafeteria, and will hold their regular monthly meeting on Thursday night, 7 p.m. Lawrence Davis is president of the club and Glenn H. Wyatt is secretary.

With 27,000,000 gross tons, the United States leads the world in merchant-ship tonnage, says the Twentieth Century Fund.

HOWELL BRYSON hands George Walls papers built by the Boosters Club. Mrs. Walls looks on closing the sale for a lot on Virginia Avenue, Hazelwood, for the new Civic Building to be at the transaction. This is a project of the Finer Carolina Program. (Mountaineer Photo).

WCC Sets Up New Spring Evening-Saturday Schedule

Dr. W. Newton Turner, director of the graduate division of Western Carolina College, has announced the spring quarter schedule for evening and Saturday classes at the college, and extension work in Asheville and Waynesville. The following work will be offered on the campus:

Monday—Supervision of Instruction, Dr. Taft B. Botner; Thursday—Curriculum Development, Dr. Harold H. Bixler; Geography of Latin America, Dr. Turner; Community Recreation, Dr. Quinn Constant; Friday—Investigations in Teaching Reading, Dr. Bixler; Introduction to Exceptional Children, Dr. Herbert Koepf-Baker; Saturday—Secondary School Organization and Administration, Dr. Raymond M. Ainsley; Tests and Measurements, Dr. Bixler; Teaching the Communications Arts in Elementary Schools, Mrs. C. A. Hoyle.

This latter course will also be taught on Friday night.

All evening classes will meet from 6:30 to 9:30, and Saturday classes will meet from 8:30 to 11:30. Turner said. Classes will meet for the full period beginning with the first one in the week of March 12, and formal registration will be held on Saturday, March 17.

Registration for the extension courses will be held at the first class period on Thursday, March 15, and classes will meet for eleven consecutive weeks.

Most of the courses are open to

TV

By Floyd Nelson

It is the general opinion among TV stations that there is a lack of summer television viewing and therefore not worth the effort of broadcasting good programs. The results are re-run shows from the winter and programs with little or no planning.

Actually recent surveys show that this is not true. Naturally, if old shows are going to be run, people will walk away from them. But broadcast something of value, and the public will be there to watch; may they be at home or on a vacation to some distant city.

Let some outstanding show or athletic event take place, and the hotels are swamped with requests for television receivers. Motel operators are finding out that TV sets are very important, too, when a family with children drive in for accommodations.

People do like to watch television in June, July and August as well as the winter months, and the networks should not treat the airways as if they were deserted. The NELSON TV SERVICE has a consistent amount of service and maintenance calls to make during the summer. And each summer there are more. And what customers may be going on vacations are well made up for from calls from nearby vacation spots. Phone GL 6-6581 for our regular year-round service.

Arts And Crafts Class Is Planned For Teachers

Western Carolina College has announced an extension class on Arts and Crafts for Teachers, to be held in the Waynesville High School beginning Thursday, March 15.

This course, which is primarily for elementary teachers, is designed to familiarize teachers with the wide variety of art and craft media available in the classroom. Native and scrap materials will be used as well as commercial products.

Demonstrations will be given to show techniques of working with each material as well as finished articles that can be made. The planning, use, and construction of visual aids for teaching arts will be considered.

The fee will be \$5.00 per quarter hour, plus a materials fee of \$5.00.

Registration and the first class will be held Thursday, March 16, at 6:30 p.m., in the Health Room in the new building at the high school. Classes will continue each Thursday from 6:30 until 9:30.

Ministers Hold Monthly Meeting At Clyde Church

The Haywood County Ministerial Association, met at noon today, at the Clyde Central Methodist church, with Rev. Earl Brendall, president, in charge.

The ministers had for the topic discussion today: "The Christian Burial."

The group also showed much interest in the mass meeting at the courthouse Tuesday night, when highway safety will be discussed. The ministers announced the meeting from their pulpits Sunday.

Mr. 4% shows you how to

Shelter Your Family

with a home that's FREE OF DEBT!

Is there a mortgage on your home? If so, you are now working hard to keep up the payments—so your family can have, some day, a home "free and clear". But who's going to work hard, meeting those payments, if anything happens to you?

Mr. 4% can solve your problem. His Jefferson Standard Mortgage Cancellation Plan will pay off the mortgage in full in the event of your death. And the cost is low. Today, let Mr. 4% tell you how to leave your family a home—and not a debt.

Canton Sets Erection Of GOC Hut

The civil defense program in the Canton area will be strengthened by the erection of Ground Observers Corps hut, which is to be set up in Canton.

Louis Kaplan, civil defense chairman in Canton, said this work will begin the first of this week, grading and graveling a road to the site. Town officials and the Champion Paper and Fibre Company are cooperating in the project.

The observation hut which is to be erected was bought last September. Since it was the first aluminum hut bought in this district, and possibly the first of its particular kind in the state, Gen. Griffin, in charge of GOC in North Carolina, requested that it be sent to Raleigh to be put on display at the N. C. State Fair. It was displayed there with the Town of Canton's name on it and returned to Canton after the fair closed.

The hut, completely glass enclosed, is to be erected on a concrete base 16 feet square in order to provide a paved walkway completely around it. The hut measures 9 by 9. It is to be set up at a point on the ridge above the Champion Paper and Fibre plant. This site was chosen because of its easy accessibility, its nearness to the center of town and because it afforded complete all-around visibility.

The Town of Canton is grading and graveling a road out to the site, and will furnish water and lights. Telephone service will be provided by the GOC.

R. C. Stamey, commander of the GOC post, said that a 24-hour service would be maintained when the hut was established, and that many volunteers would be needed to maintain such a schedule. The post was organized here more than a year ago, with Stamey in charge, and William Donaldson post supervisor. Officials from the Knoxville Filter Center assisted in the organization.

Five Haywood Men Join Navy

Five Haywood County men enlisted in the U. S. Navy during the month of February, and are now at the U. S. Naval Training Center, Great Lakes, Ill., where they will undergo nine weeks of recruit training.

The group includes Robert Donald Gardner, Chestnut Park Drive, Waynesville; Harold Palmer of RFD 2; James Hugh Price of RFD 4, Gerald Dan Holder of Canton, and Sherman Junior Goodson of RFD 2, Canton.

Upon completion of recruit training all men will be given a 14-day leave period to visit at home before reporting to their new duty stations.

Rev. Willis Accepts Post At Franklin

The Rev. John R. Willis has announced his resignation as full-time pastor at the Olivet Baptist Church of Maggie and as part-time pastor at the Victory Baptist Church of Maggie to become pastor of the Mt. Hope Baptist Church in Franklin.

Rev. Willis has been a pastor to the two Maggie Churches for the past three years and nine months. Since he has been at Olivet, the congregation has purchased a lot for a parsonage and Sunday School building, has sowed grass, constructed a driveway around the church, widened the front door, put up a sign out front, built a new furnace room and installed a new furnace, constructed a choir

Hazelwood 4-H'ers To Give Radio Program

The officers of the Hazelwood 4-H Club will present a program from Radio Station WHCC, Tuesday at 12:45 p.m.

The program will be on "What the 4-H Pledge and Motto Means."

loft, put down a new carpet, installed a new pulpit and pulpit furniture and refinished the floor.

At some time in the future, the congregation plans to construct a new parsonage and Sunday School building.

During Rev. Willis' ministry at Olivet, the church has grown both financially and in membership. The pastor's salary has doubled and contributions have more than tripled.

The Victory Baptist Church was formerly known as both the Peachtree Methodist and Missionary Baptist Church. When the two church congregations separated, the Baptists moved to a new site and constructed the Victory Baptist Church.

Since last July, more than \$7,300 has been spent by the congregation in work on the church, and the remaining debt is less than \$1,200. The church is not yet complete on the outside, but is nearly finished on the inside, where new pews and pulpit furniture have been installed.

The congregation is now operating on a budget plan and has tripled church offerings and contributions and the pastor's salary.

Austria was freed in 1955 from 17 years of foreign occupation, first by the Germans and then by the four Allied powers.
