

'Helen Of Troy' Comes To Strand Screen Sunday

With the premiere next Sunday at the Strand Theatre of Warner Bros. epic production of "Helen of Troy," a project of gigantic proportions will be unveiled to the movie-going public.

"Helen of Troy" was launched by Warner Bros. in an unprecedented global premiere, January 26. For the first time in motion picture history, a film was shown simultaneously in over 50 countries.

MRS. R. N. BARBER was elected president of the North Carolina Society of the Daughters of 1812 at a business session of the Society yesterday afternoon in Asheville.

It's easy to add changes to the old standby, baked beans. Try canned ones emptied into a casserole, topped with sliced luncheon meat, baked in a moderate (375 degrees) oven for 30 minutes, then garnished with onion rings.

You can substitute beet sugar for cane sugar in any recipe with the same results. They're chemically identical, so use what's available and economical.

Smathers Participates In Atom Demonstration

PFC Vance A. Smathers, son of Mr. and Mrs. Frank C. Smathers, Lake Junaluska, took part in a field demonstration of mass atomic casualty treatment at Fort Sam Houston, Tex., March 2.

The demonstration was held by the Army Medical Service School for high ranking Army and civilian medical and administrative officers. It illustrated how trained medical Army personnel would sort patients according to wounds and evacuate them for further medical care, in the event of an atomic attack.

Smathers entered the Army in January, 1955 and completed basic training at Fort Jackson, S. C.

He is a 1954 graduate of High Point College. His wife, Mary, lives in San Antonio.

STUDENTS AND FACULTY at St. John's School turned out en masse Wednesday morning to see the Rev. Lawrence Newman (center foreground) break ground for a new school building which

will cost approximately \$125,000 and contain 20 rooms.

The Younger Set

News Of WTHS

Barbara Griffith and Dorothy Grasty

"Slow down and live." How many times have we, the WTHS students, heard this most valuable warning?

Well, last Tuesday in chapel many of us finally began to realize how important and what a responsibility it is when one is behind the wheel of an automobile.

Also, Tuesday night a meeting was held in the courthouse to contribute to the problem of safe driving.

tribute to the problem of safe driving. I am sure that we have all seen the effects of carelessness on the driver's part and I know everyone will join in and say "we will all try to slow down and live."

If anyone has been around the music department, I am sure they have seen or heard that beautiful new Hamilton piano. It certainly is nice. It will be used in different events and programs to be presented in the future.

Today the WTHS band made a trip to Brevard and Asheville to give a concert. We are all looking forward to having the Lee Edwards and Brevard bands visit us.

Well, roll out the drums and bring the horns along because we are really going to have some mighty fancy stepping next year out of those new junior majorettes. Leading the Junior Band next year as majorettes will be: Roddy Edwards, Doris Blanton, Emily Hyatt, Ann McClure, Barbara Sherrill, and Betty Jean Davis.

Thickety CDP Discusses Rural Fire Protection Plan

Initial steps have been taken to set up a Rural Fire Protection System in the Thickety community, as one of the major projects in the Farm and Home Safety program to be promoted by the CDP this year.

A meeting of local committees and representatives from nearby town and industrial Fire Departments, was held in the recreation room of Rockwood Church Friday evening to discuss plans.

Several preventative measures were recommended by the visiting firemen and they suggested the use of available means to protect against home fires, such as water barrels, and buckets, sand buckets, etc.

Plans should also include an educational program to encourage children and adults as well, to locate and remove fire hazards from the premises; to keep inflammable materials stored in tins, rubbish kept cleared away, and other safety measures observed to safeguard against fires and accidents.

The Intermediate MYF Sub-

district meeting will be held at the Rockwood Church Monday evening, Methodist Churches in the Haywood area will be represented. The Rev. F. C. Smathers, district superintendent, will be the speaker. The host group will be in charge of the devotions, and refreshments for the social hour will be provided by the Guild and WSCS of the church.

The WMU of Oak Grove Church will sponsor a film on the American Indians, to be shown Friday evening, March 16 at 7 p.m. This film is being presented by the Rev. Elmer Green, Associational Missionary of Haywood County Baptist Churches, and is given in connection with the study course being held by the WMU.

Mr. and Mrs. Spencer Walker of Brevard, visited her parents, Mr. and Mrs. Jesse Ford, over the weekend.

Mr. and Mrs. C. W. Limbo who recently purchased the Mrs. Lora Holland home on the Thickety-Clyde road, are making some decided improvements with the erection of a new garage, remodeling the house and landscaping the grounds.
