## The Meaning of Christ's Suffering ILLUSTRATED SUNDAY SCHOOL LESSON

By Alfred J. Buescher

After Jesus' first trial before the scribes and Pharisees the multitudes led Him to Pilate who said he found no fault with Him.

When the angry mob shouted that Jesus stirred up people from Galilee to Jerusalem, Pilate ordered Him taken before Herod.

Herod questioned Jesus of whom he had heard much, but He refused to answer. The chief priests, however, accused Him vehemently.

"Crucify Him!" the mob cried, so Christ was led away with two criminals to be crucified.

MEMORY VERSE—Isaiah 53:5, 6

"I say, it looks like uranium! Send a Geiger counter on the Mayflower's next trip"

## Long Distance puts you in touch, faster

THE PILGRIMS made history, but no one knew about it for weeks. A trans-Atlantic telephone call would have spread the word fast. Today, wherever you call—whether it's overseas or the next town—you're in touch quickly. And the cost is small.

It's Twice As Fast to Call by Number

**Planning Improvements? Give your home HOUSEPOWER!**

TODAY'S home cannot run on yesterday's "Housepower"! And full housepower in your home depends on modern electrical wiring. Without it, you cheat yourself of the full comfort and convenience of electric living.

When you remodel or build, be sure to plan an electrical system designed to serve your modern way of life. Don't let your home limp along on old, weak wiring that cannot power the score or more appliances in use. Such wiring is outdated—overloaded!

Where a healthy 100-ampere electric service entrance is demanded, your appliances starve on a sickly 60-ampere entrance. Where you need at least 12 electrical circuits, your home skimps by on 4 or 6 circuits. Wiring like this just wastes the current you pay for—cuts appliance efficiency—adds drudging hours to household chores.

So "Housepower" your home when you remodel or build. Reap the full harvest of comfort that modern wiring adds to your everyday living. At no obligation whatever, just call your electrical contractor (listed in YELLOW pages of phone book), or nearest CP&L office. They can advise you how to modernize your wiring with scarcely noticeable interruption of your electric service.

FREE BOOKLET, "The ABC of Home Wiring", makes a handy guide for present or future plans to remodel, build or buy. Just call or write your nearest CP&L office for your free copy.

**CAROLINA POWER & LIGHT COMPANY**
