Part Of The Act?
HOUSTON, Tex. (AP)—A piano concerto had just been completed and the 3,000 spectators watched with interest as two stagehands came out to move the piano.
One started to shove it — and the left front leg came off in his hand. There was a nervous spasm of giggles as he struggled to support his corner of the piano. The giggles erupted into a loud roar as the third man ran on stage to help the two.
The sell-out crowd may have noticed Symphony director Leopold Stokowski turn a fraction on the podium to see what was up. But only the three stagehands heard his smiling crack: "Comedians!"

BUICK's Thrill-A-Minute Club

Buick CENTURY 4-Door Passenger
4-Door Riviera, Model 63

Why just look - WHEN YOU CAN JOIN THE PARTY?

There's no obligation to joining the Thrill-A-Minute Club — just plenty of fun behind the wheel.

And when you do come in, we'd also like to show you how to own the best Buick yet for the best deal yet. Will you make it a date to see us — this week?

*New Advanced Variable Pitch Dynaflex is the only Dynaflex Buick built today. It is standard on Roadmaster, Super and Century — optional at modest extra cost on the Special.

So it's the truth, and nothing but, when we say there's a thrill-a-minute in the '56 Buick. And we've set up a club by the same name to prove it.

That's when you'll find a new hoodful of power waiting to spin forth from the mightiest Buick V8 yet — with the highest compression ratio to match.

And that's when you'll get a double-barreled invitation to thrills from a new Variable Pitch Dynaflex.* First, from the new split-second take-off you get at the top inch of pedal travel — and with better gas mileage, too. Second, from the surging safety-burst of power you get when you floor the pedal and "switch the pitch."

Because that's when you'll meet up with a new Buick ride — a ride that's deep-oil cushioned, brawnier framed, and built with a new steering geometry that brings a more responsive "sense of direction" to your every handling maneuver.
