

Canton High Campus Cuffnotes

By Patty Morgan

The Easter holidays are over; all the kids have returned and now we have to go back to school—such a horrible thought! But, the time is closing in on the career of all high school seniors. The time left until graduation had better be put to good use.

In keeping with the Easter season our school was privileged to hear the Rev. Mr. Smith of the First Baptist Church give a very inspirational talk. He encouraged the students to make their life count now, for what one is today determines what he will be tomorrow.

Our Junior Achievement Club is proud to have as a club member, Linville Robinson, who was elected vice president of the newly-formed Achievers' Association. Linville is also president of the Progress Achievement Company here at CHS.

The Travel Club is planning a trip to Atlanta, Georgia, Friday, April 13. All the school is invited to go, but of course, each person has to pay his own expenses. The members, while in Atlanta, plan to visit Rich's Department Store, Georgia Tech, and Emory University.

Everyone is looking forward to "Twirp Week," the 9th-13th of this month. This is the week that all girls can catch them a boy, legally or illegally. The girls do the date asking for the entire week,

with some activity planned for each night. "Twirp Week" with all its "doings" is brought to an end by a dance in sock-hop style. All through the week girls are to act as real southern gentlemen. "Hunting licenses" are required before a girl can ask a boy for a date, but after acquiring one, oh brother! I imagine many forgot that Easter day was April Fool's day. Here is a little verse in remembrance—"The first of April, some do say, is set apart for All Fool's day; But why the people call it so, nor I nor they themselves, do know."

Governor Candidate Asks 3 Kinds Of Public Schools

A plan calling for three types of schools to deal with the segregation problem was proposed Monday night by Harry P. Stokely of Charlotte, a candidate for the Democratic nomination for governor.

Stokely, a food broker, outlined the proposal in a radio-television speech. Under his plan, there would be state-operated schools for Negro students only, white students only and "those who wish to attend mixed schools."

Stokely said that if he were governor today, he would call a special legislative session "in the very

near future" to enact such legislation "as is necessary to require the parents of every school child in North Carolina to register and file in writing with local authorities, a notice of their choice of one of three types of schools."

Following the statewide registration, Stokely said that in each county he would "designate one or more public schools as needed, to be mixed schools to be attended only by those students who choose to attend mixed schools."

He added, "All the rest of the schools would operate as Negro

schools or as white schools. Just as they have always operated in the past, since every school child will be voluntarily attending the school of his choice, and—by exercising his American freedom of choice—he meets all the requirements of the various rulings of the United States Supreme Court."

Stokely asserted school segregation "is the major issue" in the campaign for governor. He said, "If there are those who wish to dodge this issue, that is their own business."

The segregation problem, he de-

Flag Is Missing

HUNTINGTON, Ind. (AP)—Devon Blackburn, mayor of this city of 15,000, couldn't find an American flag anywhere when he tried to buy one for his office. He finally had to order one through a mail order catalogue.

clared, "is the most serious and the most critical problem" facing the South. "It has a solution that is legal and which will work if we want it to work."

Machine Age?

BATON ROUGE, La. (AP)—A barefoot young woman dressed in a robe of white sacking and with long blonde hair streaming over her shoulders created something of a sensation when she appeared in a line of auto license tag buyers.

She gave her name as Edna Dockster and smilingly purchased a \$10 house trailer tag. She was identified later as one of a group of members of a Pentacostal sect traveling from church to church conducting services.

In Canada snowshoes are often used for horses.

Barber Shop Cut

ATLANTA, Ga. (AP)—If you want to know why the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America uses the initials "S. P. E. B. S. Q. S. A. instead of "S. F. T. P. A. E. O. B. S. Q. S. L. A.," member Homer J. Faulkner can tell you.

That would make it too long," he explains. Also, he says that this group doesn't sing "Sweet Adeline" nearly as often as nonmembers think. Current favorite of his chapter is "Good-bye, Coney Island Baby."

WE READ BETWEEN THE LINES

Prescribed medicine is more than the drugs it contains — it's the knowledge and experience of the physician combined with those of the pharmacist. Their professional skill and care are participating ingredients contributing fully to the health-restoring power of the medicine. That is why every prescription carries the doctor's unwritten, but implied, directions to "fill with professional skill". We read between the lines and carry out this direction to the letter.
