Senator Scott Co-Sponsor Of New Retirement Bill

By BILL WHITLEY

RETIREMENT: Recently Sen. W. Kerr Scott, along with several other Senators, sponsored legislation that would increase retirement payments to former Federal employees who are now on the retirement rolls.

The legislation grew out of hearings that Senator Scott held on Senate Bill No. 2875, which would increase retirement benefits for Federal employees.

According to Scott, S. 2875, "would help people who are now Federal employees when they get ready to retire. It was very obvious that any overall increase should also assist former em-

ployees—who are now retired." BENEFITS. The new measure would increase annuities to former employees now on retirement by not less than \$100 a year and not more than \$300.

For survivors of former employees—except surviving children—the annuities would be increased \$80.

For surviving children, the annuities would be increased by \$50 for each child.

Final Senate action on both retirement bills is expected in the next few weeks.

DOMES. Visitors in Washington this Spring and Summer will see an interesting sight at the U. S. Capitol.

The Capitol dome is getting a thorough cleaning and a new coat

of paint. Painters—with ropes and ladders—are monkeying all over the tall structure. It will take several months to complete the job, and it will cost between \$40,000 and \$50,000.

For many years, the dome has been given a fresh coat of paint every four years—election years, that is, in order to be spruced up for Presidential inaugurations.

INDIANS. The Lumbee Indians of Southeastern North Carolina soon should have their name made official as far as the Federal government is concerned.

Last week the Senate Interior Committee's sub-committee on Indian affairs gave a quick okay to a bill that would make the name official. Final action will be rou-

line. The state legislature has already passed legislation doing the same thing.

FARMERS. Sen. Robert Kerr of Oklahoma, a man who coins a lot of phrases in debate on the Senate floor, has a new one for the Republican office-seekers who are worrying about Ike's veto of the farm message.

Those who are trying to justify the President's stand on farm price

Ironing Board Safety

BELLEVUE, Idaho (AP)—Mr. and Mrs. Jim Gray and Mrs. Carroll McCrea almost left their ironing board behind when they returned to Bellevue from a vacation in Fresno, Calif. Now they're glad they didn't.

Near Wells, Nev., their car skidded and rolled over. The ironing board pinned three Gray and McCrea children in the back seat, saving them from possible serious injury.

supports, Senator Kerr says, are suffering from "self hypnosis."

"Honor Thy Father And Thy Mother"

If you have not already done so, speak your everlasting love for those who did so much for you. Do it in a cemetery that allows you the priceless privilege of erecting a beautiful and distinctive monument rather than in one which, for reasons of its own, restricts you to a metal marker set flush with the ground.

As the years go by you will realize that nothing keeps memories more beautifully alive than a tribute spoken in words of imperishable granite or marble.

HAYWOOD MONUMENT CO.

H. E. "Herb" Angel
Asheville Rd. Dial GL 6-5191

R. E. SENTELLE,

CANDIDATE FOR THE LOWER HOUSE OF THE GENERAL ASSEMBLY OF NORTH CAROLINA, OFFERS A TEN-POINT PROGRAM ON WHICH HIS CAMPAIGN FOR OFFICE WILL BE BUILT:

1. A native and resident of Haywood County.
2. A property owner and tax payer in Haywood all of his adult life.
3. A life-long Democrat and a servant of the Democratic party ever since he reached his majority and has served the party loyally and continuously during his adult life in many capacities.
4. He has never held a public office or job in Haywood and he has never asked the people of the county for any public trust job or office, except that of Representative in the General Assembly—the only honor ever to be sought from the voters.
5. His wide experience in the General Assembly of North Carolina, which is distinctly a law-making body, which meets bi-annually for three definite and distinct functions: (a) To make new laws; (b) To amend laws in the General Statutes of our State; and (c) To abolish old and useless laws. Experience counts in the work of the Legislature just as it counts in the industrial plants, on the farm and in all places of human endeavor. Then too, personal contacts and acquaintance with State Department officials, and with the Representatives and Senators with long records of service to the State, further qualify him for service as your Representative.
6. His record of legislative activities during the five sessions he has served is a guarantee of the loyal and efficient service he will render to the people of Haywood County.
7. His faithful cooperation in the Legislatures with the Representatives from Haywood and his assistance rendered to them in the passage of their local bills, stands out as proof of his loyalty and devotion to Haywood County.
8. He plans to offer some amendments to state laws, particularly to the Revenue Act, with reference to Income Tax Laws, and to the labor laws of the state, but at this time, no plans for any legislation affecting Haywood County, nor the towns therein, but absolutely no laws will be introduced nor passed, without the knowledge and consent of the citizens of the county.
9. He plans to conduct a vigorous and comprehensive campaign through advertisements in the newspapers, through circulars, personal letters and visits to all sections of the county, and through other mediums of campaigning, but at all times the campaigning will be high toned and void of criticism or abuse of his opponents.
10. The voters of Haywood are requested to give consideration to these 10 points and to read and study the explanations, developments, and, on the day of the Primary, their support and vote will be greatly appreciated.

Buick Century
6-Passenger
4-Door Riviera

Like Money in the Bank

(It's using less than 10% of its Power at 50 M.P.H.!)

RIGHT HERE—in this blazing '56 Buick—you control the most powerful engine Buick ever built.

It's so packed with high-compression zip and go that when you're cruising at a legal 50 miles an hour your engine is practically loafing.

Even going uphill, this big new 322-cubic-inch V8 feels no more stress and strain than a sprinter taking a stroll.

Any engineer can tell you what that means. You save on wear and tear because your engine is taking it so easy so much of the time. You save on repair for the same reason. You even save on gas bills.

So—in literal truth—driving a '56 Buick feels as good as money in the bank.

But what makes this an even greater dollar-and-cents value is how Buick's vast engine power is translated into smooth and spectacular action.

For now Variable Pitch Dynaflo® has the highest torque ratio in the industry. It uncorks a brilliant new getaway response at your slightest say-so, and with a new step-up in gas mileage, to boot.

And brother, when you have to zoom for the sake of safety, you really zoom. Dynaflo's full-power, switch-pitch take-off even opens the eyes of airplane pilots.

It's a gorgeous bundle of ginger and snap,

this new '56 Buick—and an undiluted joy.

It's a solid, spacious and simply sensational Buick through and through.

So come explore its excitements—its great new ride—new center-grooved brakes—newly balanced X-braced frame—sweet new steering—all the many new blessings that make it the best Buick yet.

Best of all, come learn how little it costs to drive a new Buick for keeps.

Your dividends begin the day of deposit—so why wait a week longer?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.
