

3 Youths Hurt Slightly In Accident

Three persons escaped serious injury Tuesday night in an accident on River Road above the Canton High School. The mishap occurred about 11:30 p.m., when Kermit P. Silvers, 21, lost control of his car as he rounded a curve.

The vehicle, a 1955 Mercury, owned by K. E. Silvers, was going in the direction of Bethel when it failed to make the curve, and swerved into the road ditch.

The car traveled up the ditch line a distance of 225 feet, struck a large boulder, estimated to weigh 700 to 800 pounds, overturned in the ditch.

Bobby Pace, 17, Canton High School student, and "Skeeter" Curtis of the U. S. Air Force who is home on leave, were occupants in the car with Silver.

Silvers sustained abrasions on his back and right leg; and bruises. Curtis and Pace suffered cuts and bruises on the face.

Silvers was charged with exceeding a safe speed, and driving on the wrong side of the road, according to Patrolman Bryson, the investigating officer.

A 1947 Chevrolet driven by Ben C. Fugate of the Dellwood Road was destroyed by fire at noon Monday when it plunged over an embankment on the Lake Logan road about a mile above the lake.

Fugate told Cpl. Prichard H. Smith of the State Highway Patrol that his brakes failed as he drove toward Bethel. He said he fell out of the vehicle just before it went over the bank. Fugate was not hurt.

Loss to the car was estimated at \$200.

Cpl. Smith said this morning that he is continuing investigation of the case.

Patrolman Bryson also reported an accident on the Thickety Road two miles east of Clyde at 6 p.m. Wednesday, involving a Studebaker pickup operated by Robert Cecil Dean, 41, a carpenter of Candler, and a 1949 International pickup owned by Horace Donaldson, 29, of Clyde.

Dean, going in the direction of Clyde, was taking the inside curve at the Robinson old store place, when he met the Donaldson truck. He was listed as driving on the wrong side of the road. Damage to the Dean truck was listed at about \$40 and the Donaldson vehicle at \$100. The men were not injured.

Sen. Ervin Pays Tribute To Barkley

WASHINGTON — The death of Senator Alben W. Barkley has deeply saddened all of us. We had somehow grown to think of him as the leavening force in the Senate.

BARKLEY

Dr. Frederick Brown Harris is the chaplain of the Senate. I attended Senator Barkley's funeral at Foundry Methodist Church, and was so impressed by the eloquent and accurate tribute that Dr. Harris paid my late colleague at the funeral service that I am going to quote part of it here, Dr. Harris said:

"We are vastly poorer because his eloquent, passionate voice will be heard no longer in the Nation's councils, on its platforms, and in its forums.

"For us there is an altered world, since but a few hours ago he went down in full armor with unabated powers, having lived his strenuous years up to the hilt.

"We think of one who with un-bowed head and unembittered heart met life's tragic losses, and who found constant fun in living, and who reveled in laughter; who loved folk more than fortune, and who was vallant as a knight of old in righting wrongs and enthroning justice; and who counted it as part of his religion to help see that his country was well governed.

"He so numbered his days, applying his heart to wisdom, because the whole world was the House of the Lord, as echoed by the last phrase which fell from his lips.

"We come in gratitude to think tenderly of one who occupied high office and yet never stooped to low designs; one who was greatly honored by his countrymen, but who ever put principle above pedestal, one who was a partisan with deep convictions without blind spots."

As one reporter wrote about the funeral, "An onlooker, unfamiliar with American politics, would have found it impossible to tell whether Senator Barkley was a Republican or Democrat to judge from those who moved out into the rain."

All North Carolinians can rejoice in the fact that this great man's forebears were North Carolinians. He and I often spoke about his connections in North Carolina.

INQUIRY CONTINUES

The air inquiry by the subcommittee of which I am a member continues. We met virtually every day last week. General LeMay's testimony is sufficient to shake our

country from its complacency about our defense position. I have been impressed with the fairness and effective way the committee has acted under the leadership of Senator Symington. Service on this committee, in addition to the other responsibilities of attending to the affairs for which I was elected to the Senate, have restricted my visits to North Carolina for speaking engagements, but as I stated before, I feel that this assignment is the most important public responsibility ever given to me, and I am dedicating myself to this task of helping to find the answer to the air defense riddle.

Fort For Children

OLYMPIA, Wash. (AP)—Washington is considering acquisition of a fort for a state institution for retarded children.

Fort Worden, once guarded the entrance to Puget Sound and in more recent years had been used for amphibious training. The Army abandoned it as an outmoded installation. State officials think it could be converted into a 1,000-bed institution for children as 4½ million dollars less than the cost of a new one.

County ASC Officials

To Attend Area Meeting

The ASC County Committee and office personnel here will attend an area meeting of ASC officials at the George Vanderbilt Hotel in Asheville next Thursday and Friday.

At the meeting will be representatives of 24 Western counties.

One Gallon of Sinclair Power-X Gasoline Could Lift the Ocean Liner "United States"

In your car, Sinclair Power-X gives RESERVE POWER WHEN YOU NEED IT

It's a scientific fact! The potential energy in a single gallon of Sinclair Power-X Premium Gasoline, if fully utilized, could lift a weight equal to the S.S. "United States" 10 inches. This tremendous energy, when applied to your car, can mean reserve power when you need it — for safer driving.

When compared with ordinary gasoline and oil, tests show that Power-X Gasoline, in combination

with Sinclair Extra Duty Triple X Motor Oil, can give you over 20% more useable power.

You get this extra power because of Sinclair's new high-octane refining methods, plus chemical elements added to prevent stalling and guard against fuel system rust. For highest anti-knock, quick acceleration and reserve power when you need it, see your Sinclair Dealer and power up with Power-X.
