Detective Memories

CAMBRIA, Minn. (AP) — A memory game played by the three young daughters of Mr. and Mrs. Gordon Bowen led to the breakup of a juvenile crime ring. The girls read the number of a car parked at a filling station, memorized it and made it into a game. When Bowen learned the next day that the station had been robbed, the girls told him the license number and he gave it to authorities. The car was traced and its owner implicated other youths who later admitted a series of breakins.

The end of 12 glorious years is nearing. Exams will be given June 23-25. All the fortunate students who have an average of 90 or above in any subject will not have to take that particular exam.

A graduation dance in honor of the seniors is being given Friday night, the end of exams. This will be the last dance for the seniors at dear old CHS. Music will be furnished by the Cullowhee Dance Band. The social committee, headed by Melissa Osborne, is planning to make this the best school dance of the year.

Our Bears lost to Hendersonville, 4-1, Friday night. This defeat spoiled their hopes of winning the Blue Ridge Conference championship. However, our boys have had a wonderful season and we give them a salute for a job well done.

Athletic awards were presented in assembly Friday. Letters and stars were earned in such sports as soccer, track, baseball, basketball, and football. All senior football players received white sweaters at a banquet given previously. Dewayne Milner was the only boy who lettered in four sports: track, baseball, basketball, and football, and was outstanding in all of them.

The baccalaureate sermon is planned for Sunday night the Rev. Clayton Lime as the speaker. The choral group will present two selections during the program.

Commencement, the night of all

nights, is planned for Tuesday, May 29. The senior speakers will speak on different phases of "Life's Enthusiasms." Special awards will be given for scholarship and citizenship and, of course, the most important award of all will be given to everyone for 12 long years of work—the diploma.

Canton High is proud of John Ray Jamison, the recipient of a Champion Paper Foundation scholarship. There were two such awards made in this area on the basis of college board tests. The scholarship pays one third of all college expenses. John Ray is one of Canton High's best citizens and best students. Congratulations.

Other CHS students who have received awards recently were the senior band members. Music pins were presented to Marianna Moon, Darrell Hawkins, Shelba Forester, Drayton Shull, Glenda Pressley, Diane Thomason, and George Freeman.

Special band awards also went to: Glenda Pressley, Arion choral award; George Freeman, Arion band award; Diane Thomason, the John Philip Sousa Award, and Drayton Shull, who won a partial scholarship to the Steven Collins Foster Music Camp in Kentucky this summer.

Since this is my last article, I want to say that it has been a privilege, job, and honor to write for this paper.

Aluminum For Survival Hat Trick

ALBUQUERQUE, N. M. (AP)—Capt. Joseph Garner found a military use for kitchen aluminum foil and recently won a commendation from authorities at the Air Force Special Weapons Center at Kirtland AFB. At his suggestion, jet pilots there now carry sheets of the foil in their survival kits. Garner, an aeronautical engineer, suggested it makes good cooking utensils as well as emergency signaling reflectors for downed pilots.

TRUTH OR CONSEQUENCES, N. M. (AP) — District Judge Garnett R. Burks grabbed a hat as he left a cafe some time ago. Then he discovered it had a Colorado Springs, Colo., label and ink stains on it. He went back to check. His hat was gone. Some time later he went into the cafe again. His hat was there, plus ink stains. He left the one he found. When he checked again, the swap was complete, and the traded hat was gone.
