

**Delayed Chase**  
 FAIRMONT, Minn. (AP) — Three telephone company linemen were at work when a man drove up in a panel truck, grabbed their pole jack and sped away. The three shinned down poles, hopped into their big truck and gave chase. When the smaller truck outdistanced them, they stopped and telephoned the sheriff's office. The linemen later admitted they had not thought to cut in with the phone each carries and call the sheriff before coming in down the poles.

**Pantry Shelf Desserts Coming Up**

By CECILY BROWNSTONE  
 Associated Press Food Editor  
 TAKE NOTE of this dessert. Everything that goes into it may be kept on your pantry shelf. When you're in the mood for a light and airy sweet, whip through this recipe and you'll have a delightful ending for a meal.

Baby-food strained prunes, unflavored gelatin and evaporated milk (whipped) are the main ingredients. A teaspoon of aromatic bitters points up flavor. The lemon juice called for may be frozen, bottled or fresh and cream may be used instead of evaporated milk.

**PRUNE CHIFFON**  
 Ingredients: 1 envelope unflavored gelatin, 1/2 cup cold water, 1/4 cup sugar, 1/4 teaspoon salt, 2 cans (5 ounces each) strained cooked baby-food prunes, 1 teaspoon aromatic bitters, 3 tablespoons lemon juice, 2/3 cup icy-cold evaporated milk (whipped) or 1 cup heavy cream (whipped).

Method: Sprinkle gelatin over cold water in top of double boiler. Place over boiling water and stir until gelatin dissolves. Add sugar and salt; stir until sugar dissolves;

remove from heat. Stir in prunes, aromatic bitters, and lemon juice. Chill until slightly thickened. Fold

into whipped evaporated milk or cream; pile gelatin mixture into sherbet or parfait glasses and chill until firm. Makes 4 to 6 servings.

Note: To whip evaporated milk: pour the milk into a refrigerator tray; chill in refrigerator freezing compartment until ice crystals form around edges of tray — 25 to 30 minutes. Turn the key milk into a bowl and beat rapidly with a rotary beater (hand or electric) until stiff. The 2/3 cup of evaporated milk called for in the recipe will make 2 cups when it is whipped. When whipped, evaporated milk triples in volume.

**FLAVOR TIPS**

Aromatic bitters are often used in before-dinner beverages, but many cooks also like to use the bitters in preparing food. Here are ideas:

1. Stuffing eggs? Add a dash of the bitters along with mayonnaise, salt and pepper to the egg yolk filling.
2. Mixing up a cheese spread? Use butter, soft cheddar cheese and aromatic bitters to enliven the mixture.
3. Glazing a ham? Be generous in adding aromatic bitters to your sugar mixture and you'll have a rich mahogany colored coating.
4. Fruit punch for company? It will be piquant with bitters.
5. Creamed chicken and ham for Sunday night supper? Add a little aromatic bitters to the sauce.
6. Tomato aspic for salad? It takes kindly to the bitters.
7. Old standby soups take on new interest with aromatic bitters.
8. Cutting up oranges, grapefruit and pineapple for a fruit cup? Add a little of the bitters.
9. Shrimp your first course for dinner? Serve it with a tomato cocktail sauce spiced with a dash of aromatic bitters.
10. Apple pie for dessert? Sprinkle a little of the bitters over the sliced sweetened apples.
11. Stewing prunes? After they are cooked, stir in sugar and aromatic bitters to taste.
12. A spaghetti supper coming up? Add a dash of the bitters to your tomato-mushroom sauce.

**LETTERS TO EDITOR**  
 (Continued from Page 2)

pendently of any aspect of juridical technicalities arising out of this concept, it should be borne in mind that mass persecutions of civil populations and inhuman treatment inflicted by a Government, even upon its own citizens, constitute an international offense. There is ample proof in the documents submitted that the British Government is assuming considerable responsibility under the present heading of the actions of its authorities in Cyprus.

Both "collective responsibility" and "crimes against humanity" are basically related to "genocide" in terms of the broader meaning of Article 2, paragraphs a, b and c, of the Convention on the Prevention and Punishment of Genocide. The process of terrorizing a whole population in order to break down its morale and alter its national faith and political beliefs falls within the scope of the Genocide Convention.

These are problems of international concern as far as the revival of inhuman police practices and methods constitutes a real threat to all freedom-loving peoples and a flagrant violation of the Charter of the United Nations Organization.
