Three Champion YMCA softball pitchers tossed no-hitters in games Friday and Saturday, but the Canton squad lost its second game of the season in the bottom half of the doubleheader Friday night.

Carroll Waldroop blanked the McLean Trucking Co. of Winston-Salem as Champion won the opener Friday night, 15-0. But the truckers came back in the nightcap for a close 2-1 decision.

On Saturday night, Wade Garrett stopped Oak Ridge, Tenn. with a no-hitter as Champion romped home, 7-0. In the second game, Nazi Miller again handcuffed the Volunteer Starters in a tilt which ended 1-0.

In the first game Friday, Waldroop had nine strikeouts against McLean. George Stamey paced Champion at the plate with four for four.

In the second game Friday, Bobby Pace started on the mound for Champion and was relieved by Garrett in the second inning. Miller hurled the last three innings. In the lid-lifter Saturday night, only one Oak Ridge batter got on base during the game as Garrett struck out nine. Highlight of the fracas was Snake Moore's round tripper with two teammates on base.

In the bottom half of the twin bill, Nazi Miller struck out six opponents in his no-hitter, while Champion was collecting six safeties. Leading hitter for Champion was the pitcher's brother, Clyde Miller, with three for three.

Champion will be at home again this weekend for two doubleheaders, with opposition to be furnished by the team which ranked third in last year's world regional softball tournament—the Trenton Democratic Club of Baltimore, Md. The Marylanders have been Central Atlantic regional champions for the past six years with 24 straight wins in tournament games. They have played eight games this year and won all of them.

Transplanted School

VALLEJO, Calif. (AP)—Vallejo is building a new modern school by the transplant method.

The operation calls for hauling 12 outmoded buildings of the wartime Carquinez School a mile across town on flatbed trucks to a new site. There they will be reassembled and modernized into a single integrated unit.

By the start of the fall term, the dilapidated buildings will have been converted into a streamlined stucco structure—the John Davidson Elementary School—with 12 classrooms capable of handling 420 students.

"It's a reconstruction project designed to salvage a shell of a building and modernize it," said Everett Rolff, business manager of the Vallejo Unified School District, in describing the \$240,521 operation.

"Brother takes that new Visual Aid course in school and this is some of his home work."
