Cost Accounting

LEWISTOWN, Ill. (AP) — According to local raconteur Perry Bailey, 85, buying for cash rather than credit used to cost more back in '90's, it's one of his favorite stories.

starting at 9 a.m. from Park headquarters building.

Saturday—half-day trip to the Big Trees, Greenbrier, starting 8:30 a.m. from Mountain View Hotel, Gatlinburg.

Charles Griffith, wagon maker, was confronted by the town's biggest deadbeat in 1890 with a request to fix a wheel. Griffith made the repair, and when the poor-credit-risk asked the price, the tradesman replied, "It's \$2.75 if you pay cash, \$2.50 to charge it." Puzzled, the customer understood after Griffith explained, "You're a deadbeat. If you charge it, you won't pay, so that's why it's only \$2.50 for credit. I don't want so much on my books."
