tions by J. C. Wells, plant pathologist at N. C. State College, who has recently examined alfalfa fields in the county.

Mr. Ramsey said that nematodes, when examined under a microscope, look like small pinworms that attack the bud tissue of alfalfa, causing dwarfing, malformation, and death of crowns.

The assistant county agent urged farmers to look over their fields carefully to spot plants with tiny leaves, enlarged nodes on stems, and general malformation. If suspicious tissue is found, he said, fresh samples should be brought in plastic freezer bags to the county agent's office for examination.

Mr. Ramsey said that nematodes may have been brought in to farms by purchase of infested hay. Thrift in rock gardens (also called "phlox") also may be a host plant to stem nematodes since it is known to harbor a similar parasite.

The assistant agent pointed out that Mr. Wells advises that fields of alfalfa infested with stem nematodes be taken out of alfalfa for at least three years.

Three-Winter Deal

MACON, Ga. (AP) — Miss Louise Sand, an instructor in Spanish at Mercer University, is pleased about the scholarship she won to the University of Chile in Santiago but there's one drawback.

She's going to have to shiver through three winters in succession without a summer season during which to warm up. After the winter here, she reaches Chile in time for the winter season there. She'll return to the states in January for her third winter.

Turn On The Heat

MINNEAPOLIS (AP) — "It takes two hands to drive and two arms to hug a girl properly," said Judge Tom Burgin. "When you try to do both, that's careless driving. Fifty-dollar fine."

George E. Sheehan, 25, explained it was cold, his car heater was out of order, and he was only trying to keep his girl warm. Officers testified they saw him hugging and kissing her while driving.

Story Of Stories

ST. LOUIS (AP) — Police Sgt. Vincent Syron and Cpl. Jonathan Painter completed an unsuccessful floor-by-floor search of the 28-story for two reported prowlers.

Said Sgt. Syron: "Man, I'm tired."

MR. AND MRS. WILLIAM EDD PHILLIPS were married Saturday evening. The bride is the former Miss Jeanette Goodwin, daughter of Mrs. William Goodwin of Waynesville, Route 2, and the late Mr. Goodwin.

headed by Dr. John Penney. He will be assisted by M. H. Bowles and Jack Elwood.

The loan committee will receive and investigate applications while the finance committee will approve applications and allocate funds.

The finance committee has also the duty of raising funds on a voluntary basis to maintain the scholarship loans, and the chairman pointed out that contributions were not restricted to Rotarians but would be welcomed from all interested persons.

Loans will be made, the announcement, said, to college students usually in their third or fourth year. The applicant may be recommended by a member of the Rotary Club, a teacher, his parents, or he may make application himself.

Members of Rotary feel that establishment of the loan fund will not only make it possible for worthy students to finish college, but will give the recipient of a loan what is probably his first taste of business responsibility.

Soapy looking water found in deep salt mines under Detroit has been there an estimated 300 million years.

Miss Goodwin Is Bride Of W. E. Phillips

Miss Jeanette Goodwin, daughter of Mrs. William Goodwin of Waynesville, Route 2, and the late Mr. Goodwin, was married to William Edd Phillips, son of Mr. and Mrs. Robert Phillips, also of Route 2, Saturday, May 26, at 8 p.m. in the home of the bride's aunt, Mrs. R. O. Livingston, Fairview Gardens.

The Rev. Carl Cook performed the ceremony in the presence of the families and a few close friends. The bride wore a street-length dress of powder blue with a corsage of white roses.

A reception was held following the ceremony. The couple will make their home on Route 2, Waynesville.

Beautiful America!

NEW YORK (AP) — Americans shaved, brushed their teeth and made themselves generally presentable last year to an extent never before reached, The Toilet Goods Assn. reports.

Sales of toilet goods hit a record level of \$1,192,200,000, representing almost 10 per cent more than the 1954 figure, the previous peak. The report covered all toiletry preparations except soap.

MRS. FRED H. GARRETT, the former Miss Margaret Hope Kinsland, was married December 26, in Greenville, S. C. Announcement of the marriage was made this week by her mother, Mrs. G. L. Kinsland of Waynesville. Mr. Garrett is the son of Mr. and Mrs. Tom Garrett of Hazelwood.

These Greeting Cards Are Good Enough To Eat

SWEET-TOOTH GREETINGS... Barbara Rust puts finishing touches on some of the greeting card cakes she bakes for fun at home, between trips around the country flying her own plane.

DEDHAM, Mass. (AP)—Barbara Rust, known as Rustie for short, is a girl who takes her career seriously. When she is not flying her own plane around the country as good-will ambassador of a greeting card company, she makes greeting-card cakes in her own kitchen.

Glamor girl, housewife and skilled pilot, Rustie heads the New England chapter of 99s, well-known women pilots' organization, is one of the few women who has flown a jet and plans again this summer to enter the Powder Puff Derby, transcontinental air race for women.

"People laugh about my cakes," says Rustie, "but I notice they don't hesitate to try them. I make my greeting card cakes at home all the time. Whenever my schedule allows it, I entertain like mad, and the cakes are always a big hit." Rustie uses simple cake recipes and goes to town on the decorations. She has a full set of pastry tubes and brushes for applying the decorative frostings, and says she can duplicate any greeting card in cake. Says she: "A specially decorated cake with a personal message makes a wonderful centerpiece and provides conversation. And the nice part of it is that after admiring your centerpiece, your guests can eat it."
