### Prepare Green Vegetables With Care

By RUTH CURRENT  
State Home Demonstration Agent

PREPARING GREEN VEGETABLES—To prepare green vegetables for cooking, discard any bruised, wilted, or yellowed outer leaves, and cut off tough or dried stem ends. If you are preparing kale, strip leaves off the woody midrib.

Wash vegetables thoroughly, using plenty of water for leafy greens. Lift vegetables out of the water instead of pouring the water off the vegetable. That way, grit, which settles to the bottom of the pan, isn't poured back over the vegetables.

Soak brussels sprouts and broccoli 30 minutes to an hour in cold salt water to remove any insects in the tight leaves of flower buds.

QUICK COOKING FOR BEST QUALITY—Cook green vegetables quickly for best quality.

Use a cover on the pan to speed cooking, and cook until vegetable is just tender and still slightly crisp. Long cooking makes the vegetable limp, and changes color and flavor.

WINDOW WASHING — Wash windows with warm soapy water containing a few drops of Kerosene and a little bluing for extra sparkle. A bottle-washing brush dipped in suds picks up dust from corners of window pane molding. Rinse with warm water and polish dry with a clean, lintless cloth.

Dust ventian blinds weekly with a lamb's wool duster or vacuum attachment. Then tilt the slats down and wipe with a cloth or sponge wrung almost dry from warm soapsuds; repeat with slats turned up. When necessary, immerse blinds in a deep washtub or bathtub full of warm soapsuds. Scrub tapes on both sides with a well-lathered brush, and lift the opened blind up and down through suds and rinses. Drain, wipe, and let blinds hang free while drying to prevent tapes from shrinking.

### Fall Budget Fashions Star Jersey

VARIATIONS ON A THEME... Here are two versions of the jersey outfit for fall, in thrifty styles designed by Abe Schrader. Left, two-piece dress in beige angora jersey, with bloused top; right, dark gray jersey sheath dress and jacket in matching flannel, on cutaway lines, with tie silk scarf and lining, one-button closing.

By DOROTHY ROE  
Associated Press Women's Editor

YOU DON'T HAVE to break the bank to step out in the newest styles for fall. Smart girls can find high fashion at thrifty prices if they set their sights right.

The girl on a budget should make simplicity her goal, look for fine fabrics and flattering lines, and plan a color-coordinated wardrobe, so that one set of accessories can go with several outfits.

A bright star of the fall fashion

lineup will be wool jersey, used in many ways by designers in all price brackets, but especially notable in budget lines. It lends itself admirably to the softly molded lines of the new silhouette, and will be a standby of the working girl's wardrobe.

Abe Schrader, who concentrates on fashions that are easy on the pocketbook, uses jersey in various textures and weights for many dresses and costumes. Particularly effective is a youthful two-piece

outfit in beige angora jersey with bloused top and slim skirt.

Another is a high-style costume consisting of dark gray jersey sheath dress and cut-away box jacket in matching flannel, with necktie silk scarf and lining.

This designer also uses knit trimming on a number of daytime dresses, and often uses a contrasting tweed jacket with a monotone jersey sheath dress.

Most skirts are slim, with design interest above the belt.
