

Bee Policemen

NORFOLK, Va. (AP)—Patrolmen M. L. Everett and Gene Elmore were troubled by the call on the police radio. Bee hive? Yes, said the radio voice.

Accompanied by Sergeant J. S. Siler and a man from the SPCA they went to an address where a swarm of bees had sacked out for the night in a patch of weeds.

Somebody suggested a burlap bag. It was carefully lowered over the bees.

Johnny Lowe, representing the SPCA at the eviction, got stung on the finger.

Number New Laws Passed On Social Legislation

By SENATOR SAM ERVIN

WASHINGTON — Among the 2878 bills passed by the 84th Congress were acts which fall in the field of social legislation.

SOCIAL SECURITY

A major step was taken by the Congress when it passed a bill broadly revising the Social Security program. It marked the final piece of major legislation promoted by Senator George of Georgia.

Among other things, it gives women the optional privilege of retiring at 62 rather than 65, and

makes disabled persons eligible for full benefits at age 50, and increases the tax on both employer and employee to 2 1/4 per cent starting next January. The tax now is 2 per cent.

Of special interest to North Carolina was the amendment to the Social Security bill which permits policemen and firemen to voluntarily be covered by Social Security for retirement purposes.

No action was taken on the President's request for a health insurance program.

FOR THE PEOPLE

Other bills for the people adopted by Congress were such as the Federal flood insurance act, extension of the polio vaccination program, broadened and extended the school milk program, a three-year \$90 million program of building non-Federal facilities for research in crippling diseases, increased benefit payments under the railroad retirement program, funds for vocational rehabilitation, research in cancer, heart disease and other ailments, broadened the

water pollution control act, and increased the penalties for trafficking in narcotics, just to mention a few of the bills.

MINIMUM WAGE

One of the big items of the first session of the 84th Congress was the passage of a bill to increase the minimum wage from seventy-five cents to one dollar per hour. This law became effective earlier this year.

HIGHWAY BILL

Perhaps the most important domestic legislation this session was

the multi-billion dollar highway bill. It is a 13-year program to build 41,000 miles of interstate superhighways; increased taxes on gas, tires, etc. will help pay for the program. This program will serve as a powerful stimulus to the economic health of the country.

The 52,000 motion picture houses in West Germany have a seating capacity of more than 2 million.

Only eight of the first edition of "The Journal of Major George Washington," are in existence. It was printed in Williamsburg, Va., in 1754.

Pioneers Honored

RATNER, Sask. (AP)—A lake in northwestern Saskatchewan's Mudjatik area has been named after the pioneer Springman family of the Ratner and Ridgedale districts in the central part of the province. Springman Lake will be shown on future maps of the province to honor their pioneering work.
