

## Bishop Harmon To Dedicate Two Methodist Buildings In Haywood Sunday

CLYDE CENTRAL METHODIST CHURCH

### Services Set At Canton And Clyde

Bishop Nolan B. Harmon of the Western North Carolina Conference of the Methodist Church will be in Haywood County Sunday to dedicate two church buildings.

At 11 a.m. Bishop Harmon will dedicate the new educational building at the First Methodist Church of Canton, and at 3 p.m. the Central Methodist Church at

Clyde.

At Canton, a lunch will be held in the fellowship room of the educational building following the dedication service.

According to the pastor of the church, the Rev. I. L. Roberts, the new educational building has 10 classrooms, a dining-fellowship room with a stage for plays, a well-equipped kitchen, and restrooms.

Rev. Roberts pointed out that his congregation has never been in debt on the building of the new structure, but has paid for it as construction has progressed. The foundation was laid in the fall of 1953, and the building was first put to use in 1954. It is now valued at \$75,000 — with much of the labor being donated by members

of the congregation.

The public has been invited to attend the Canton service.

At Clyde the dedication of the Central Methodist Church in the afternoon will be preceded by the morning worship at 11 a.m., at which time the message will be brought by the Rev. W. T. Medlin, who was pastor when the present church sanctuary was opened in March, 1949. Rev. Medlin is now pastor of a Methodist Church at Gastonia.

Following the morning service, a picnic lunch will be held on the grounds at 12:30 p.m.

Special music will be presented at both morning and afternoon services by the church choir under

the direction of Miss Janice Smathers, and a solo will be sung during the latter program by Richard Hips of Lake Junaluska. The public is invited to both services.

The present pastor of the Clyde Central Methodist Church, the Rev. G. C. Starr, Jr., said that the church's property is now valued at more than \$80,000.

In the past four years, he related, the church budget has been more than doubled, six new classrooms have been built and six new Sunday school classes organized. Grounds have been landscaped, all rooms have been painted and pianos have been donated for the sanctuary and the prayer room. Church members have donated their labor in constructing and

painting classrooms.

As a community project, the Central Methodist Church has also installed chimes in its tower and vibra-chimes on its organ. The tower chimes are played each weekday evening at 6:15 and on Sunday at 8:30 and 9:30 for a 15-minute period, and the music is heard throughout the town of Clyde.

The tower chimes are played automatically by record, and members of the community—many from other churches—have responded enthusiastically in contributing money to buy records.

Rev. Starr estimated that his congregation has raised more than \$18,000 this year for all causes.
