### Bungling Burglar

OMAHA (AP)—The burglar who broke into a packing company here must have had butterfingers.

Police investigation disclosed a trail of blood indicating the burglar slashed his hands on broken glass; jammed a door only to find it led to an outside loading dock;

tried again and laboriously pried two padlocks free to find they guarded a cooler door; found a quarter of beef too heavy to carry

and settled for a small piece of beef cut from the quarter. The stolen meat was of the poorest grade.
