

Work Under Way On Trout Hatchery In Pisgah Forest

Construction has begun on a new federal trout hatchery on the John Rock area in Pisgah National Forest near Brevard. To cost an estimated \$375,000,

the hatchery will produce 40,000 pounds of catchable size trout annually to be stocked in Pisgah, Santeetlah, Fires Creek, Standing Indian, Wayne, Sherwood, Rich Laurel, Mt. Mitchell and Daniel Boone wildlife management areas. All trout produced at the hatchery will be stocked in compliance with Wildlife Resources Commission management program.

Mountaineer Midgets Meet Canton Here Monday Night

The Mountaineer Midgets football team will attempt to better the sorry showing of their big brothers on the WTHS varsity last week when they meet the Canton Gra-Y Bears Monday night at 7 o'clock in the high school stadium here.

Last year the Midgets upset Canton in one of the three games played between the rival squads. This year the Midgets are coached by Rock Powers, who is assisted by Scratch Inman and Rufus Pannell.

Probable starters for Waynesville in the game here Monday are:

Max Marcus at left end, Bobby Cutshaw at left tackle, Troy Inman at left guard, Joe Jones or Chip Killian at center, Chuck Border at right guard, Joe Lemmen or Steve Milner at right tackle, and Jack Prevost at right end. In the backfield will be Robert McBride or Rowe Leatherwood at quarterback; Gerald Kelly or Gene Ferguson at right half; Bruce Bowman at fullback, and Ray Edwards at left half.

Other games will be played by the Mountaineer Midgets against Hendersonville and the Asheville Y. but dates have not been selected.

To finance the purchase of equipment and uniforms, the Midgets are now selling season tickets for one dollar apiece.

N. C. Hunters Cautioned On The Use Of Firearms

The opening of the hunting season in North Carolina has drawn a sharp reminder from safety specialists of the N. C. State Board of Health to guard against accidental deaths and injuries from firearms.

Dr. Charles Cameron, Jr., accident epidemiologist of the Board of Health, cited the 50 deaths from firearms in 1955 and the 83 deaths in 1954 as a grim warning of the dangers associated with the handling and use of firearms.

"Throughout the United States in 1955 over 2,150 persons lost their lives from the careless handling of pistols, rifles, and shotguns," Dr. Cameron said. "Over half of these accidents occur in the home and can be traced to improper storage of weapons."

The physician placed particular emphasis on the tragically high toll of firearm accidents among children, adding that over 25 per cent of victims of these accidents are under 15 years of age.

"Guns have great attraction to children, particularly boys," Dr. Cameron said. "Parents sometimes forget that the child cannot differ between a toy gun and the real thing."

The Board of Health passes on these 10 commandments of gun safety:

1. Treat every gun with the respect of a loaded gun.
2. Always unload a weapon before putting it away and then store it in a place inaccessible to children.
3. Always carry a gun so that the direction of the muzzle can be controlled even if the hunter should stumble.
5. Be sure of the target before pulling the trigger.
6. Never leave a gun unattended unless you unload it first.
7. Never climb a fence or tree with a loaded gun.
8. Never shoot at a flat, hard surface or the surface of water.
9. Never point a gun at anything you don't want to shoot.
10. Gunpowder and alcohol make a lethal mixture.

Adherence of these rules, agreed to by sportsmen's groups throughout the country, may prevent needless deaths and injuries which could turn your hunting party into a funeral party, Dr. Cameron concluded.

Dove Season's Opening Is Called Successful

The first segment of a split dove season was considered highly productive by most dove hunters who took to the fields during Indian Summer afternoons in quest of these tricky targets. Birds were especially plentiful in grain fields where they concentrated for food.

The first half of the season closes October 6, and the second segment will run from December 14 to January 10.

You don't have to rinse spaghetti after it is cooked, if you are planning to reheat it with a sauce.

WTHS, Brevard Junior High Teams Fight To 6-6 Tie; Bearcat JV's Here Tonight

The junior high teams of Waynesville and Brevard fought to a 6-6 deadlock here Tuesday night as the Little Blue Devils scored their touchdown with only two minutes left to play in the contest. Tommy Gardner capped off a 55-yard drive by plunging over for the Brevard score.

Waynesville's touchdown came in the second quarter when Tommy

Ronnie Gribble, and Johnny Harrell, and the offensive performance of Cotter, Gilliland, and Kenny Rathbone.

Next game for the eighth and ninth graders will be here Tuesday night against Hall-Fletcher of Asheville.

Tonight at the WTHS stadium, Waynesville's junior varsity will meet Hendersonville.

Save water drained from cooked potatoes and use as part of the liquid for a meat gravy.

Crack the bones when you are using a chicken or turkey carcass for soup.
