Something Different With Ham

GOOD GARNISH FOR HAM . . . pickled pears.

By **CECILY BROWNSTONE**, Associated Press Food Editor

"WHAT'S DIFFERENT to serve with ham?"

Every once in a while we're asked that question. Most recently it came from a friend whose daughter was being married and who was entertaining the bridal party at a buffet supper after the wedding rehearsal. Baked beans and potato salad had been ever-present at previous parties for the bride-to-be and her mother didn't want to offer them again.

Our friend followed one of our suggestions. She boiled potatoes and then whipped them until they were velvet-smooth with hot milk, butter, salt and pepper. Then they went into a large shallow baking dish—one pretty enough to go to the buffet table. Over the top of the potatoes went a mixture of grated Parmesan cheese and cream, and finally a light dusting of paprika. (If the topping doesn't get a beautiful golden brown, the dish may be put under the broiler for a few seconds.) The potatoes can be prepared well ahead, of course, and the topping added just before reheating. If time is at a premium in our own household, we use frozen whipped potatoes instead of cooking and mashing them at home. Sometimes we substitute grated Romano cheese for the Parmesan.

Another casserole we like to serve with ham is one of cooked broad or narrow noodles, cottage cheese and sour cream. It is seasoned with salt, pepper, Worcestershire sauce, crushed garlic and finely grated onion and baked in a moderate oven until it is piping hot. A number of cookbooks give this recipe under the title of "Noodles Romanoff."

And still another favorite with ham is a mixture of cooked snap beans and cream sauce seasoned with soy sauce. The beans can be fresh or frozen (cooked) or the

canned variety. And you can add sauteed fresh or canned mushrooms and sliced water chestnuts. The dish can be made ahead and reheated in a moderate oven, then several minutes before serving, lots of canned French-fried onion rings are layered over the top and the casserole is returned to the oven. In a few minutes the onion rings are crisp and brown and the whole thing is ready to serve. We find this combination is always a great success and there are requests for the recipe.

Fruit garnishes always add piquancy to a ham platter. You might, for example, pickle several pounds of pears and serve those. Here's a new recipe.

PICKLED PEARS

Ingredients: 3 pounds (7 or 8 good-sized) firm Bartlett pears, 2 cups pear liquid or water, 1 can (6 ounces) frozen lemonade concentrate, 1 1/2 cups sugar, 1/2 cup cider vinegar, 1/2 teaspoon salt, 1/2 teaspoon powdered ginger, 1 teaspoon whole cloves, 1 stick (3 inches) cinnamon.

Method: Peel the pears, leaving stems on but trimming out the blossom ends. If pears are very firm, parboil them for 5 minutes in water to cover, then lift them out; reserve the water they were parboiled in and use it for the 2 cups pear liquid called for in the recipe ingredients. Mix the 2 cups pear liquid (or use water if you have not parboiled the pears) with the frozen lemonade concentrate, vinegar, sugar, salt, ginger, cloves and cinnamon in a large saucepan; boil 5 minutes. Drop in the pears and boil gently about 30 minutes—until slightly transparent and tender, but not soft. Turn the pears frequently in the syrup while they cook. When done, lift pears carefully into a bowl. Boil syrup hard about 5 minutes, then strain over pears. Let stand, turning occasionally, until cold, then store in refrigerator. Makes about 2 quarts.

New Task-Force 57 Chevrolet Trucks!

They "flattened" Yukon mountains with the most modern truck V8's of all!

Rated G.V.W. of these payload-carrying heavyweights goes all the way up to 32,000 pounds!

New V8-powered '57 Chevrolet trucks, heavily loaded, made one of the world's toughest roads look easy! In a straight-through test run, they rolled over the famous ALCAN Highway to Alaska—in less than 45 hours (normally a 72-hour run). Here's proof-in-action of power that'll handle your toughest jobs—and keep coming back for more!

Whatever your job, there's an Alcan-proved Chevrolet Task-Force truck ready right now to save you time and money!

Six new Task-Force huskies made the run. And six ultra-modern Chevy engines proved their power and performance—with gas mileage up to 18.17 miles per gallon! Two of the engines were not stopped once, and they hummed along at peak efficiency the entire 1,520 miles!

Chevy's big V8's—including the new 283-cu.-in. Super Taskmaster—turned in top performance jobs. They hauled typical loads up and down towering grades and through washouts that sucked wheels into hub-deep mud. They roared on through miles of heavy dust that narrowed visibility to a few hundred feet. And in spite of the varying altitudes and temperatures, not a single truck was forced to drop out or turn back! Stop by and see them soon!

Proved on the Alcan Highway Champs of every weight class!
