

Grand Jury Cites Need Of Several School Repairs

The Grand Jury, with Ed Potts, foreman, made the following report to the court last Wednesday afternoon:

To His Honor, Zeb V. Nettles, Judge, Presiding and holding the November Term, 1956, Superior Court of Haywood County, North Carolina.

We, the Grand Jury, herein submit our findings in accordance with His Honor's instructions. We have carefully considered all bills of indictment that have been presented to us and in each case have examined all necessary witnesses, and have returned a true bill in each case where, in our opinion, there was probable cause.

We hereby submit the following report:

County Court House—The Court House seems to be in good condition as far as we can find in our investigation.

Haywood County Jail—The Jail was found to be clean and very well kept—23 prisoners.

Canton Jail—Clean and in good shape—no prisoners.

Prison Camp—The Prison Camp

is in excellent shape. Everything is clean and the prisoners are well fed. A new oil heater is being installed. There are 66 prisoners.

Haywood County Schools—**Mt. Sterling School**—23 children enrolled—1 teacher. All necessary repairs were made on this building and grounds about August 20, 1956. No reports of any other needs have come to our attention thus far. We have visited it once since the opening date of school—(Aug. 28, 1956).

Catahoche School—6 children enrolled—1 teacher. The same report on this school as for Mt. Sterling as to repairs.

We feel that this school's enrollment is getting rather low to afford a teacher. We are unable at this time to say what disposition the State will make for another school term.

East Waynesville—Everything was found in good shape, Mr. Rogers says that needs have been taken care of, as soon as reported to the School Board.

Lake Junaluska—We found water fountains need repairs, also two lavatories need some repair. One room has some leaks overhead. Rats have caused a bad odor in the same room. They are using deo-

CLYDE HIGH'S BETA CLUB is headed this term by these officers (seated, from left): Rosemary Newman, treasurer; Elaine Curtis, president, and Mary Elta Brown, secretary; (standing) Rita Hipps, program chairman; Theresa Brown, pianist; Jean Hardin, song leader. Absent when this picture was taken was Barbara Jolley, vice president; and Mike Leatherwood, reporter. (Mountaineer Photo).

Saunook—Store room floor needs cement floor in place of dirt floor. Everything else is in good shape.

Allens Creek—Needs door stop

to keep door from knocking holes in plaster. Ceiling in washroom needs some repairs. Faucet in boys' rest room leaks, needs repair. Driveway needs gravel.

Fines Creek—Everything was found in good shape except a leak in one class room. Several improvements have already been made.

Crabtree—Buildings in good shape, pump in boiler room needs repair.

Maggie—Everything in good shape except rest rooms need paper racks.

Rock Hill—Buildings need some repairs, rain blows in around windows and doors.

Reynolds Colored School—Building in good shape except for repairs needed in ceiling of gym, and some needs painting.

Beaverdam—Everything found in good shape.

Morning Star School—Building and equipment in good shape.

Pennsylvania—Everything in good condition.

Waynesville High—Boys' rest room in Junior High needs paint and plaster repaired.

Central Elementary—Boys' rest room needs paint. Base boards need paint, windows need new panes installed.

Hazelwood—Everything in good shape except water leaks in lunch room.

Clyde—Needs new panes installed in doors and windows.

Patton—Clean and in good condition.

Canton—Everything in good condition.

Library Notes

BOOK WEEK NOV. 27-DEC. 1

Book week will be observed this week in Haywood County by the schools, the Public Library and the Bookmobile to call attention to the joy and rewards of reading.

Stories will be told in many schools; plays will be given and everywhere new books may be looked at, handled and borrowed. Included will be books for all ages. For the tiny tots there are beautiful picture books; for the boy who wants to know more facts about science, the moon and airplanes; for the older girls and boys who learn much from good stories; lives of famous people; how our forefathers made the West and helped to develop our country.

Parents and children are all invited to visit the libraries and to make this 1956 week a happy one to remember.

Seaman Carver Back At San Diego, Calif.

SAN DIEGO, Calif.—Ned Carver, seaman, USN, son of Mr. and Mrs. Luther M. Carver of Waynesville, returned to San Diego, Calif., Nov. 4 aboard the dock landing ship USS Colonial after participating in an amphibious landing exercise at Aliso Canyon, Del Mar, Calif., as a member of Navy Beachmaster Unit 1.

The operation involved over 14,000 Marines of the 1st Marine Division and personnel of the Navy's Amphibious Force.

Beachmaster Unit 1 is made up of amphibious specialists who land with the troops and control beach traffic from the shore. In addition they assist landing craft and vehicles to negotiate the heavy surf and maintain radio communications with the amphibious task force.

North Canton—Clean and in good condition.

Cruso—Outside doors need repair, draft system on boiler needs taking care of.

Bethel—The heating system in the old building needs some repairs. The sink in kitchen won't hold water, there are two leaks in the agriculture building. They need more room for storing tools.

Pigeon—New Building in progress.

Dollar is a word which came from "thaler", a town known as Thal in Bohemia. A legitimate coin made in that town was the origin of the "dollar". The first use of the word was about 1518.

DESOTO ANNOUNCES Most exciting car in the world today

ALL-NEW TORQUEFLITE TRANSMISSION

Quicker Power Delivery Plus Improved Fuel Economy

De Soto's new Torque-Flite is the most advanced automatic transmission on the road today, offering sizzling (and safer) performance for today's driving. Combines torque converter with 3-speed planetary gear box, giving you smoother power flow.

MOST ADVANCED CAR IN 20 YEARS

1957 De Soto is Completely New From Road to Roof

An entirely new concept in automotive design, beauty and engineering is at your De Soto-Plymouth Dealer now, right now, the completely new De Soto for 1957. It has literally dozens of new and exciting features that make De Soto for 1957 the most exciting car in the world today!

NEW TRIPLE-RANGE PUSH-BUTTON DRIVING OFFERS NEW DRIVING RANGES—SAFER—EASIER—FASTER

Triple-Range Push-Button Driving gives you new driving ranges for quicker acceleration, more agility in city traffic, better hill-climbing ability, greater fuel economy.

It's the simplest and easiest way to drive ever invented. No gearshift lever. No hard-to-read quadrant. Just touch a button... and go!

NEW ULTRA-LOW SILHOUETTE

Barely 4 Feet 7 Inches High!

Flight-Sweep '57 Styling... the new shape of motion... unbelievably low... a scant 4 feet 7 inches from road to roof... knock-high to a parking meter! De Soto's new windshield has been increased by 22% for greater all-around visibility. New sharply sweptback, cantilevered tail fins accent De Soto's glamorous new styling concept, and give greater directional stability at highway speeds. You may choose from the biggest line in De Soto history... 15 new models in all!

Completely New Torsion-Aire Ride

The softest, smoothest ride you've ever experienced. And Torsion-Aire gives you easier, more positive control... safer, sure-footed roadability, too. No sway on curves... taken 'em 'flat' like a sports car. No nose-dive, even during high-speed emergency stops.
