

## Making Own Yule Cards Can Be Fun

AP Newsfeatures

Make your own Christmas cards—for all your friends or just for those special few. It's lots of fun, and if you get started early you can vary the theme of a basic card as you go along.

It's a good idea to make a card that may lead a double life—both a greeting and a Christmas tree decoration. Put a loop on it—ribbon, thread or wire will do the trick.

A little angel may be made of three triangles cut from paper or felt with pinkish shears. One triangle may form the dress. Two others may be taped to her back for wings. The head may be a circle of pink paper. Copper curls are borrowed from a scouring pad. Her arms and legs are red cellophane tape. Write your Christmas greetings on a piece of folded paper, forming a booklet, and tape it to each hand.

Another simple card may be made in the form of a Christmas house. One triangle and four narrow strips of paper may be held together along each side with holiday tape. The greeting is printed—a few words to each strip. The greeting may be written in white ink on red or green strips of construction paper or green ink on red paper or red ink on green paper.

Other simple designs may be made that are just as effective—stars and pine trees in irregular shapes decorated with the bright gift wrap tapes, bits of yarn, toothpicks, pipe cleaners or other appropriate odds and ends that reflect the personalities of the sender.

The idea for these cards may be utilized, too, for party invitations. A very simple one may be made by cutting heavy colored paper in the shape of a Christmas ornament and then decorating it with colored inks in contrasting colors to resemble one. If you aren't great

## Crabtree Chronicles

By BEVERLY CHAMBERS

Almost everyone seemed happy to be back in school after the Thanksgiving holidays. Now we must settle down and study until the long-awaited two weeks for Christmas.

This has been a quiet week at C-ID since there were no basketball games. Let's all remember our game with Walnut Tuesday night and support the teams.

The Junior and Senior 4-H Clubs met Tuesday morning.

We are all proud of the tool-judging team that went to Sylva

Tuesday. The team composed of Terry Rogers, Marvin Downs, Louis Stevenson and Dan Best won first place in the district. The boys will go to Raleigh in the spring to compete in the state contest. Terry and Marvin won individual honors, also.

## Ungrateful Thief

GAINESVILLE, Ga. (AP)—A thief thoroughly ransacked a business establishment and left this note:

"Thanks for nothing, you cheap rascal."

Other members of the Crabtree-

Iron Duff team in addition to Rogers and Downs were Dan Best and Louis Stevenson. As top winners in the contest, the four boys won approximately \$40 worth of new tools consisting of handsaws, hammers, hatchets, and a blowtorch.
