

Canton's Modern Street Lights Go In Use Tonight

The first unit of Canton's new mercury vapor street lights are slated to be put into use tonight.

Due to a delay on the part of the manufacturer, the remaining lights of the new system will be turned on later this month. The first unit has 24 of the modern lights, and yet to be erected are 19 of the same type lights.

The new system was contracted by the Town aldermen with the Carolina Power & Light Company some months ago.

Several new poles were required for the new system, which was under the general supervision of Roy A. Burch, manager of the Canton office of Carolina Power & Light Co.

Targets will be available for rifles, shotguns, and trap shooting—with especially strong competition expected in the rifle and trap divisions.

Shooters are asked to bring their own weapons, but ammunition is available on the grounds.

Cecil Brown, assistant county agent in charge of 4-H Club work, said that the shoots will be held each Saturday—regardless of the weather.

Worker Saves Dog From Death In Sewer Line

A little terrier pup can be glad that its yelping was heard by H. H. Higgins as the man worked in a field near a manhole on the trunk sewer line between Hazelwood and Lake Junaluska.

Higgins heard a dog, and looked all around and did not see any pup, and eventually lifted a manhole cover, and there he saw the dog trying to jump to the top. The distance was too far for the dog, so Higgins got a rope, and wire and lifted the grateful dog to freedom.

The only way the dog could have gotten into the sewer line was to have been thrown in, it was explained.

Several years ago the carcass of a large dog was found in a manhole. The dog had been shot, and the body dumped into the sewer.

Tree Event Is Set Here

Plans have been announced for two Christmas tree events for underprivileged children of the community.

The Woman's Club will sponsor its annual Christmas Tree program at the Courthouse, Saturday, December 22, at 3 p.m.

On Sunday afternoon, December 23, a tree for Negro children will be held at the Pigeon Street School.

At both events candy and fruit will be distributed and small children will receive toys.

Mrs. C. F. Kirkpatrick is in charge of the Woman's Club project and is being assisted by Mrs. Roy Campbell, Mrs. Grady Boyd, and Mrs. Charles Ray. Those who have good, used toys to contribute may leave them with Mrs. Kirkpatrick at the Hotel LeFaine.

This is one of the agencies supported by the United Fund.

Funds for the Christmas Tree for Negro children have been donated by church women of the community. Mrs. Roy Campbell is in charge of buying toys and candy which will be turned over to the women of the Negro churches for handling and distribution. The Rev. Telephone Emergency Drill Planned

The Waynesville and Canton exchanges of the Southern Bell Telephone Co. will join others in the Asheville district Friday morning to stage the company's annual emergency drill, which will simulate the effects of an emergency on telephone facilities.

B. A. Mock, county manager for Southern Bell, explained that for the drill, telephone facilities will be marked in code to tell emergency damage-survey groups what damage is represented. The groups can then prescribe manpower, equipment, and supplies needed at various locations to restore service.

This will permit the training of Southern Bell personnel in emergency restoration features, the manager pointed out.

Mr. Mock said that such tested procedures have proved their worth many times in such national emergencies as fires, tornadoes, hurricanes, floods, and sleet and ice storms.

The drill Friday morning will involve no disruption of services furnished the public, the manager said. He added that it would, however, bring into play plans for emergency allocations of manpower from various company departments as well as emergency assembly of materials and equipment needed to effect such emergency restoration.

Red Cross Still Accepting Funds For Hungarian Relief

Waynesville area residents who want to contribute to Hungarian relief through the local Red Cross may send their contributions to Edna Summerrow at the First National Bank, according to Mrs. Charles McDarris, executive secretary of the local Red Cross chapter.

Waynesville was asked to contribute \$331 to the Red Cross drive to aid the Hungarians and a check for that amount has already been mailed by the United Fund organization here.

The Red Cross will accept additional contributions, however if local residents wish to make them, Mrs. McDarris pointed out.

She said the National Red Cross goal for the Hungarian relief fund is \$5,000,000.

A message from E. Roland Harriman from National Red Cross headquarters in Washington sent to chapters throughout the U. S. said in part:

"The tragic suffering of the people of Hungary has caused every American to want to send help. This help has gone from the American Red Cross, and we have been joined by other Red Cross societies throughout the world in rushing medical supplies, food, blankets, and other necessities for the stricken area."
