

### Champion To Continue Scholarships

The Champion Paper Foundation is continuing its program of college scholarships for high school seniors and its grants-in-aid to colleges and universities, according to announcement today by Reuben B. Robertson, foundation president.

Six four-year scholarship awards will be granted for the 1957-58 college year to seniors graduating in 1957 from high schools in the operating areas of the Carolina, Ohio and Texas Divisions of the Champion Paper and Fibre Company.

Under this program the foundation will underwrite one-third of a student's "typical college expenses" for each of four normal school years. In addition, the colleges and universities attended will be given grants-in-aid.

Scholarship winners may choose their own course of study and attend any accredited college or university, provided the course leads to an AB, BS or equivalent degree.

H. A. Helder, vice president and general manager of Champion's Carolina Division, said today that two of these scholarship awards are open to seniors in North and South Carolina who reside in communities where Champion Paper has operations.

High schools in North Carolina designated as eligible to nominate seniors for the foundation's awards include Canton, Bethel, Clyde, Waynesville, Crabtree-Iron Duff,

Other designated high schools in the area of Champion's Carolina Division are Newberry, S. C., Washington, Ga., Winnsboro, S. C., and Edgefield, S. C.

Mr. Helder further pointed out that any other high schools where children of Champion employees are graduating from the class of '57 are qualified to make nominations for these scholarship awards.

Both boys and girls of the designated schools are eligible for the foundation's scholarships, if they rank in the top third of their class.

To qualify for a scholarship award this year, seniors must make application to their high school principals by January 15, 1957. The principals have application forms and full information on this program, and will make nominations from the applications they receive.

Selection of scholarship award winners will be made in the Carolina area by a committee composed of a prominent citizen of the community, a recognized educator, and a representative of the Champion Paper Foundation. Awards will be announced in May.

Foundation awards in the Carolina area last year went to John Ray Jamison, Jr., of Canton, who is attending Vanderbilt University, and Sonja Sue Snyder of Hazelwood, who is attending Mars Hill College.

In his announcement this year Mr. Robertson said, "The Champion Paper Foundation is pleased to be able to continue scholarship assistance to deserving young men

#### Not So Free

AUGUSTA, Ga. (AP)—Clarence Osborne was judged "Safe Driver of the Week" by the Augusta Lions Club and was awarded six months of free parking.

He pasted the sticker—countersigned by the police chief—on the rear window of his car as instructed—and within 48 hours had received three tickets for over-parking.

"I can't afford all this free parking," he complained. And red-faced police excused the tickets.

### Methodist Evangelism In '57 Is Discussed By Commission

The Waynesville District Commission on Evangelism of The Methodist Church held a planning session Wednesday, December 5, at the Jarrett Springs Hotel in Dillsboro. The Rev. A. L. Maxwell, Jr., pastor of Murphy's First Methodist Church and district director, presided.

Others who participated were Rev. Frank Smathers, Waynesville, district superintendent; Clyde Hoey, Jr., Canton, lay director; Hazel Ramsey Canton, district lay leader; and Rev. Roy E. Bell, Sylva, district director of youth work.

The commission of 17 members, representing Haywood, Jackson-Swain, Macon, and Cherokee-Graham-Clay subdistricts, set goals for the conference year which ends May 31, 1957.

With 89 churches in the area served by the commission, a goal of 670 new members during the period was set. Leaders expressed

the hope that 420 of these would come by profession of faith.

The Lenten season was chosen as a period of special emphasis toward reaching the goal.

"A step-by-step program of evangelism for the entire year should be brought before the whole church and adopted," Rev. Smathers said.

Every church is urged to promote the Attendance Crusade from January to Easter Day, the district superintendent said.

He also said that each church should conduct a membership training class for children from March 10 to Palm Sunday, April 14, and plan a revival during the 40 days preceding Easter.

Visitation evangelism should be stressed, leaders said, at least two weeks for the revival.

Under the leadership of Rev. Roy E. Bell, a Christian Witness Mission for senior youth was plan-

## What's it Got that Everyone's After?

WE figured folks would go for the '57 Buick—and big.

But we sure didn't figure this—the most rousing reception we've ever seen in all our years of selling new Buicks.

We're getting more enthusiastic talk—along with the signed orders—than ever before. And, neighbor, if you want to know why—listen:

This '57 Buick has that sleek low-sweep styling that today's moderns want—and it's here in extra-long measure, in the lowest Buick yet.

It has the room they want—for Buick's new wide-frame chassis permits a sports-car silhouette with more interior roominess than even last year's spacious Buicks.

It has newness everywhere, and newness that's wanted...

A smart new panoramic windshield of vaster dimensions and greater visibility.

The sweet, solid surety of a new "nested" ride. A brilliant new handling and cornering and levelized braking that come of an ingenious new ball-joint suspension. It even has the modern answer for today's driving—a new Safety-Minder\* that watches your miles-per-hour for you.

But even more important, this rakish sweep of automobile has a new kind of instant response—and that's the biggest reason for the soaring popularity of the newest Buick yet.

For here is performance—smooth as spun silk—unleashed by a totally new V8 engine 364 cubic inches big, and with the highest compression, torque and horsepower in Buick annals.

And here, to deliver that might, is the

power-pitch action of an advanced new Variable Pitch Dynaflo.\* A Dynaflo of such instantaneous obedience, such smooth and versatile control in "Drive"—the need for "Low" is virtually ended.

In all truth, you've never bossed a car so keenly alive, so smooth in motion, so solid in feel. It's ahead of its time, ahead of the industry—even ahead of your great expectations.

Come check up on all this for yourself. Come drive this shoulder-high sweetheart with the strong he-and-she appeal. Come be our guest—today.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special, Safety-Minder standard on Roadmaster, optional other Series.
