and harmony of line which women with Miss Mildred Hines. seek in gowns are the same which more and more are ruling the design of kitchen appliances according to Mr. Sheffield of the Warsaw ston spent Sunday afternoon with who has been notified of the ap- Carroll. pointment of Count Alexis de Sakist, as consulting stylist of Kelvinator Corporation.

Count Sakhnoffsky, whose automobile illustrations in Esquire magazine nave gained wide recog-nition of his streamline principles and Mrs. Joe Sumner Sunday of design, has applied his ideas of night. style with notable success to such varied products as automobiles, airelectric irons, women's dresses, foundation garments, suspenders and teakettles.

It is favorite contention that pots and pans should have the same sweeping beauty of design that a woman appreciates in her gowns and her automobile. A woman should not have to experience a slowing down feeling when she walks into her kitchen, and should have things around her that look! as trim and speedy as the rest of ington, was the week end guest of her world.

"The appointment of Count Sakhonsffsky as engineer for Kelvinator Corporation is another example of the sincere effort which augh and George Linden are home keep its products ahead of the field, from P. J. C. in both appearance and performance," Mr. Sheffield said. He pointed out that the 1935 Kelvinator models now on display at the local company's showroom represent the Wood spent Saturday afternoon in latest achievements in both cabinet design and mechanical performance. Sales records in Kelvinator showrooms all over the country Chinquapin Sunday. further indicate that these new models in all proability will enable Monday afternoon. Kelvinator to establish a new high sales record for 1935.
