

Shirley Temple Is Feature Attraction At The Duplin

The Duplin's program opens next week with the "Good Fairy" with Frank Morgan, Reginald Owen and Alan Hale. In addition to the "Good Fairy" which plays Monday and Tuesday a special attraction is offered in a newly developed technicolor entitled "Lacucaracha," a two reel film portraying Mexican dances and scenes.

After many years of successful and consistent playing on the American and English stage, the play "McFadden's Flats" has been filmed by Paramount and comes next Wednesday only to the Duplin Theatre with Walter C. Kelly, "The Virginia Judge," Andy Clyde, Jane Darwell and Richard Cromwell in the cast.

Originally titled "McFadden's Row of Flats," it was first presented on September 27, 1897. The Author is Gus Hill.

To the present day, audiences all over the world enjoy the hilarious tale of the simple Irish bricklayer and his fighting friend, the Scotch barber.

Starred with George Raft in his second film, Ben Bernie together with his lads appears in "Stolen Harmony," at the Duplin Theatre next Thursday only in his best clowning and musical mood.

The picture, featuring a new score by the wizards of the keyboard, Mack Gordon and Harry Revel, blends music with comedy and closes on a dramatic note.

Ben Bernie, in "Stolen Harmony" leads his lads and lasses on a trans-continental barnstorming tour in a large bus.

Glorious Shirley Temple, whose natural art is second to none, and who has, in the words of Irvin S. Cobb, "made more people happy and made more children laugh than any child your age in the history of the world," is here again.

Her new Fox Film picture, "Our Little Girl," starts its engagement at the Duplin Theatre next Friday and Saturday. It is called her greatest!

This is said to be Shirley's most touching picture. She plunges into an emotional adventure that sings in the heart as she bravely meets a bewildering crisis while those who are nearest and dearest to her grope in the shadows of misunderstanding.

Shirley's brave smile revives a waning love, when she pleads for her mother to return, and runs away from home to reunite her parents.

In addition to acting, the child wonder sings.

Bean Beetles Doing Damage; Poison

Farmers are reporting that the Bean Beetle is doing considerable damage to the crop during harvesting time. It is not permissible to use any kind of poison on beans when they are ready to be picked

FOOD Economy

All over the world thousands of housewives are saving food, time and money with the Superfex Oil Burning Refrigerator. And while they're saving, their meals are better, too, with less work and fewer hours in the kitchen. It costs less than \$10 a year to achieve these gratifying results, because Superfex derives its power from kerosene, the cheap fuel that is conveniently available everywhere. Constant food preservation... ice cubes when needed... the means to make delightful meals from "leftovers"... your choice of many delicious desserts, ice cream, cooling drinks... all these things are yours with a Superfex. Superfex is made in five different models. There is one to suit your requirements. Just call us and we'll arrange a free demonstration.

and marketed, however, there is a remedy that will kill the beetle and which is non-poisonous to man known as Darris Root Powder. The TIMES carried a story on the use of this powder several weeks ago. It can be put on in the form of dust or as a spray and should be applied under the leaves. The package containing the powder carries directions for its use.

NOTICE
The Duplin County Board of Equalization and Review will meet at the Court House in Kenansville, N. C., Monday, June 17th., 1935, to equalize and review the property valuations on the Tax list and assessment roll for 1935.

The Rayburn-Wheeler Utility Bill Now Before Congress
Another Kind of Machine Politics
REGULATIONS is one thing—RUIN is another. For years the Hearst newspapers have denounced and exposed evils existing in the utilities holding company system and have advocated REFORM. But the Hearst newspapers have likewise OPPOSED confiscation of legitimately acquired private property without due compensation, the destruction of honest investments and the demoralization of useful business enterprises.
Consequently, in opposing the Rayburn bill, which would WRECK the twelve-thousand-million-dollar utilities industry, instead merely of making reforms, the Hearst newspapers are consistent in their long established policy.
The Rayburn bill must be rejected BECAUSE IT IS CONTRARY TO THE PUBLIC WELFARE.
Reprinted by special permission from the NEW YORK AMERICAN of March 20, 1935

OH, BOY! COULD I WRECK 'EM WITH THIS THING!

Let's Look at the Record
WHO ARE AGAINST THE BILL?
A Majority of Newspaper Editors—Hundreds of Thousands of Individual Investors—Investors' Organizations—Practically all Business Organizations—Savings Banks (With 14 Million Depositors)—Insurance Companies—State Public Service Commissioners—Investment Bankers—Banks and Trust Companies.
These are the people who are opposed to the Public Utilities Bill!

WHO ARE FOR THE BILL?
Except for a few government officials who are advocates of government ownership, and a few who have long had a deep-rooted prejudice against the public utilities, there is apparently no answer.

As reported to the Senate on May 15, 1935, the so-called modified version of the Bill is substantially the same as the original destructive draft.

During the past few weeks, organizations and individuals from every state in the Union have openly declared themselves against the proposed Bill, emphasizing the following five points:

1. It would seriously retard the nation's economic recovery;
2. It would cause immense destruction of values in utility securities;
3. It would increase the cost of electricity to the consumer;
4. It would undermine the efficiency of the light and power industry;
5. It would virtually nullify state jurisdiction over local operations.
