A DEMOCRATIC JOURNAL, PUBLISHED BY A DEMOCRAT AND DEVOTED TO THE MATERIAL, EDUCATIONAL, ECONOMIC, AND AGRICULTURAL INTERESTS OF DUPLIN AND SURROUNDING COUNTIES.

THURSDAY, JULY 4th, 1935

Most of the people who borrow money are optimists beyond ordinary reason and average intelligence.

This country will never be great, very long, if it is to be operated for the benefit of selfish blocs and groups.

Reading a good book a week is a splendid way in which to learn something that your associates do not know.

Modern mothers, with all due respects, were not much different in their day and generation, from modern daughters.

Our own idea is that if several of the larger nations tell Japan how far she can go in China she will go just so far.

Work hard, be stingy and hang on to your money—your children will spray it over the territory faster than you made it.

We may be wrong; in fact, we are wrong, very often but we don't care to hear any lecture on the benefits of eating spinach.

Any advertising expert can tell a merchant why he ought to spend more money for advertising, and probably be telling him the truth.

The world, we are willing to admit, owes every man the opportunity to work for a living. All that remains is to get every man to work.

A level-headed man can usually see two sides but sometimes he is so evenly-balanced that he cannot see the road where he is walking.

BAD HOUSING IN DUPLIN COUNTY

It would probably surprise many residents of Halifax County to be told that one-third of the population of the United States is living in dwellings and neighborhoods "of a character to injure the health, endanger the safety and morals, and interfere with the normal life of their inhabitants."

This is the verdict of the Housing Division of the FWA which has issued a report, with supporting details, that six million non-farm, and five million farm homes are definitely sub-standard, and that housing conditions are so bad over so great an area that they constitute a national emergency.

The report points out that while the situation exists in the slum areas of great cities it also exists in farm districts as well. Moreover, the conclusion is "inescapable," according to Dr. Edith Wood, that the evil is impossible of correction by private enterprise. The Government hopes to embark on a campaign of actual construction according to Horatio B. Hackett, FWA Director of Housing, not with the idea of supplying the entire need of the country, but rather with the hope to scatter outstanding examples of proper housing projects among the states and thus encourage progress along this important line.

While readers of THE DUPLIN TIMES, as stated at the beginning of this article, may not realize the actual conditions that exist in Halifax County we feel sure that a little reflection on their part will convince them that much is needed along housing construction here before our people as a whole will be adequately and properly housed.

Hallsville Auxiliary To Meet Saturday

Circle No. 1 of the Hallsville Auxiliary will meet Saturday afternoon at the home of Mrs. Ed. Kennedy. Mrs. Leonard Kennedy will lead the devotional program and Mrs. Hermon Miller will direct the program. The subject to be discussed will be "Our Friends the Jews". The Jewish belief will be discussed by Mrs. Ash Miller and the relation of that religion to our gospel will be brought out by Mrs. Ralph Miller. This promises to be a very interesting program and it is hoped that all of the members will be present.

Tomato Shipping At Kenansville

W. J. Pickett of Kenansville has been very successful with his tomato crop this year and during the past few weeks has shipped hundreds of cases to northern markets. The tomatoes are picked from the vines, while they are in the white stage and are graded and packed separately in boxes. Each tomato is wrapped in paper and carefully placed in the box so as to avoid bruising. All faulty and undersize fruit is culled out leaving only the perfect tomatoes for the market. Mr. Pickett has been de-

vising several points of business on the Coast last week. Going by the way of New Bern, Morehead and Beaufort.

Mr. A. H. Swindel and family have returned from Oriental where they visited relatives and friends.

Mr. and Mrs. C. D. Thomas visited J. J. Howard at Pink Hill Sunday.

Mr. Joe Benton and family made a lying trip to La Grange Saturday evening.

The Sarecta F. W. B. Singing Class visited the Snow Hill church Sunday. Quite a number went from here.

Mrs. Walter Futrell visited her parents Mr. and Mrs. Capps at Boston this week-end.

Mrs. Oliver Daniels and children are visiting her sister Mrs. John Pearce and Mrs. Walter Futrell.

Mr. L. E. Whitford spent the week end in Kinston.

The people are very glad of the shower Monday afternoon.

Reporter,
MISS CLYDE BENTON
Eleven years old.

Duplin Weddings

One white and two colored couples yielded to the Cupid this week and secured happiness at the local office: They were, Roy Rodgers and Ethel King, white and Bevil Robinson and Minnie Newkirk and Faten Hayes and Milla Smith, colored.

SARECTA NEWS

Gentlemen:
Knowing that you have not heard anything from this place since you began your paper, I thought you might like to hear from us. This is one of the most thriving little towns in the county. Mr. Thomas landed here three years ago.

He started a little business out here on the 22nd day of June three years ago. There were only four families here then. Since then there has been eleven new buildings built, besides there have moved in several new families in houses that were vacant. There was no store here at that time.

Now there are three very good stores. Everybody around here are very busy with their crops. Tobacco housing being the main business.

Mr. C. F. Haskin has just returned from Enfield where he visited his wife.

Mom And Pop Club To Meet Monday

Plans are being made for a special meeting of the Mom and Pop Club to be held at the spring Monday evening from 8:00 to 10:00. Boy Scout Executive George Hamer of Goldsboro will be present and the program will center around the awarding of the Eagle Scout Badge to J. O. Bowman, Jr. Ah out of town speaker will deliver the principle address and short messages will be heard from local leaders.

● A Modern Motor Fuel—brim-full of "get up" and "go"—offers smoother motoring and economy! 1934 Purol-Pep gives you flashing starts... surging power... thrifty mileage... at the price of regular gasoline.

LET US MAKE YOUR VACATION RIP SAFER

BEFORE you start on your holiday trip, let us completely inspect your car. There is no charge for this service and it will assure you of a safer and more enjoyable trip.

For the convenience and safety of car owners Firestone has established more than 500 Auto Supply and Service Stores throughout the country, and thousands of Firestone Dealers are also equipped with complete Auto Supplies and complete Service Departments, to test and service your tires, brakes, batteries, spark plugs, in addition to power lubrication and crank case service.

AVOID THE DANGER OF BLOWOUTS

Firestone removes the danger of blowouts by preventing their main cause—internal friction and heat. This is accomplished by Gum-Dipping.

THERE ARE THREE QUESTIONS AND ANSWERS THAT WILL SOLVE YOUR PROBLEM OF WHAT TIRES TO BUY:

1 "Will the tread give me the greatest traction and protection against skidding?"

Recent tests by a leading University show that Firestone High Speed Non-Skid Tires stop a car 15% quicker than any other of the leading makes.

For eight consecutive years Firestone Tires have been on the winning car in the dangerous Pike's Peak Race where a skid means death.

2 "Are they blowout-proof?"
Firestone Gum-Dipped Tires have the most amazing records for being blowout-proof of any tires ever built. In the gruelling 500-Mile Race at Indianapolis, May 30th, every one of the 33 cars was equipped with Firestone Gum-Dipped Tires. Not one of the 33 drivers had the trouble of any kind.

Ab Jenkins drove his 3,000 pound car on Firestone Gum-Dipped Tires over the hot salt beds of Utah, 3,000 miles, averaging 127.2 miles per hour, with temperatures as high as 120°, without tire trouble of any kind.

3 "Without sacrificing these two important safety features will they give me longer mileage, thus making them the most economical tires I can buy?"

Firestone High Speed Tires not only give you more than 50% longer wear, but also lowest cost per mile. In fact, unequalled mileage records of thousands of car owners add undisputed evidence of the longer wear and greater economy of Firestone High Speed Tires.

Equip your car with a set of Firestone Gum-Dipped Non-Skid Tires, the safest tires ever built and avoid the dangers of skidding and blowouts.

We're Proud to invite you to drive

THE MOST FINELY BALANCED LOW PRICED CAR EVER BUILT

TEST ITS POWER AND ECONOMY, SPEED AND SAFETY, KINE-ACTION COMFORT AND STABILITY. LEARN THAT BALANCED MOTORING IS BETTER MOTORING

Your Chevrolet dealer cordially invites you to drive the new Master De Luxe Chevrolet without any obligation. He wants you to learn all about this car... how much more smoothly it rides... how much more perfectly it combines power with economy, speed with safety, gliding comfort with road stability... and how much more finely balanced it is in all ways! See him and drive the new Master De Luxe Chevrolet—today!
