North Carolina  
 Duplin County,

**IN THE SUPERIOR COURT**

**THE FEDERAL LAND BANK OF COLUMBIA**  
 VS

Jesse B. Brown and wife, Bonnie B. Brown and Stephen W. Carroll.

To Stephen W. Carroll in the above entitled action, take notice that summons was issued against said defendant on the 16th day of Aug., 1935 by R. V. Wells, Clerk of the Superior Court of Duplin County, said state, for the foreclosure of a certain mortgage deed recorded in the Public Registry of Duplin County, said state, in book 249, at page 860, and note thereby secured, executed by Jesse B. Brown and wife, Bonnie B. Brown, on July 2, 1925, said mortgage deed conveying a 49 3/4 acre tract of land, more or less, in Kenansville Township, said county and state, said Stephen W. Carroll having assumed and agreed to pay said mortgage indebtedness as evidenced by deed from Jesse Brown to Stephen W. Carroll, said deed being

duly recorded in the public registry of Duplin County in book 249, at page 860, which finds the said defendant has or claims to have an interest therein all of which is set out in the complaint filed in this action.

Let the said defendant further take notice that they are required Superior Court of Duplin County, at his office in Kenansville, North Carolina on the 7th day of October, 1935, and answer or demur to the complaint filed in said action, or the relief demanded in said complaint will be given.

**The Florida Canal**

Uncle Sam is digging in a big way down in Florida. Get down your map and notice what a saving in distance it will be to cut a canal through the northern part of Florida. That is what Uncle Sam is planning to do.

This will affect the whole eastern coast, as it will bring these ports closer to the ports on the Gulf of Mexico. Since the distance around the southern end of Florida will be greatly shortened by the canal there will be a substantial saving in the cost of shipping such commodities as oil, fruits northward and the southern ports are apt to share in the increased trade.

This is the time to get our harbors in order and work for direct connections between the inland and the Coast through waterways, highways and railroads.

**Chevrolet Trucks In Thrilling Tests Atop Pikes Peak**

In the first formally observed and timed tests of motor trucks over the perilous hairpin turns and steep switchbacks of the Pikes Peak auto highway, near Colorado Springs, Chevrolet 1 1/2-ton and half-ton trucks demonstrated their power, endurance and efficiency over the course of the annual Labor Day hill climb contest, a distance of 13 miles, 2200 feet, with a rise of 4959 feet from the start to the summit, 14,109 feet above sea level. The upper illustrations show the 1 1/2-ton truck, driven by W. P. Bestrup, on its way to a record of 37 minutes, 52 1/2 seconds, with its full 3000-pound load (it made the run afterward, without load, in 26 minutes, 12 seconds), and the officials at the finish (left to right): Harry Hartz, technical advisor; Robert M. Ross, Detroit Times; Dan Kennedy, Colorado Springs Gazette and Telegraph; and John L. Jenkins, Chicago Daily News. The lower photos show the Chevrolet half-ton truck, which Harry Hartz drove to the summit in 25 minutes, 3 seconds, and the finish of the run of the 1 1/2-ton truck with full load.
