Plan To Organize Football Conference

Under the leadership of County Superintendent O. F. Johnson an attempt is being made to form a football conference for towns in this section.

The proposed plans provide for a conference made up of nine members. Each member of the conference will be required to play every other member of the conference.

This paper wholeheartedly approves of a conference and will be glad to help support such a program.

Coach Carson Begins Fourth Year At The Wallace School Team Plays Burgaw Friday

With the opening of the present school term, Coach Carson began his fourth year of service as coach and teacher of science in the Wallace High School.

On taking up his coaching duties at Wallace, Carson was faced with the difficulties most football coaches of small high schools find everywhere.

What the boys lack in size is offset by fight and determination. Blanchard is the largest boy on the squad. He plays left tackle and is being depended on to do mighty good work in that position this year.

Success to the Football Conference!

rolls along. All the boys are taking their work seriously and are playing hard, heads up ball. The reserves are pushing the regulars so closely every position is unsettled and the next game may find several new men in the opening line up.

Here is wishing Coach Carson and his Wallace football team a very successful season. They have the whole-hearted support of this paper, and Duplin County is depending on Wallace and Warsaw to make football history for her this year.

DUPLIN THEATRE WARSAW, N. C. WEDNESDAY THURSDAY NEXT WEEK MATINEE: 2 O'Clock; EVENING 7 O'Clock. ADMISSION: MATINEE, 10c & 25c; NIGHT, 15c & 35c

Duplin County's two football teams swung into action Friday afternoon on the Warsaw high school football field, and after sixty minutes of fast and furious play Warsaw emerged the victor by the score of 19 to 0.

Both teams displayed an aggressive brand of play which was characterized by clean and hard fight by every man on the field. For so early in the season the game was well played, and both teams showed promise of developing into much stronger machines as the season progresses.

The score indicates the difference between the teams fairly accurately. Warsaw was superior, both in driving power and passing and her defense stood up well against the best Wallace could offer. Wallace registered only one first down against this stout defense.

The first touchdown came in the first quarter of the game on a line thrust by Pridden. The second touchdown came in the third quarter of the game. This time Knowles bucked the ball over the goal line. Warsaw turned to the aerial route for her third and final touchdown. In the closing minutes of the game Pridden hurled a long pass to Hill who raced across the goal line for another six points. This pass and run netted thirty-five yards. The point after this touchdown was made on a line plunge by Pridden.

The game was featured by the strong defensive play of the entire Warsaw line, the playing of Hill, Frederick, Merritt and Britt was especially outstanding. While in the backfield, the all round play of West, Pridden and Knowles was good.

Featuring for Wallace were Blanchard, Futrell and Piner in the line and Wood and Wells in the backfield.

are patriotically minded, this picture is strongly recommended.

As a peace officer in an Arizona boom town, Dix is seen in a picture which calls for special attention. "The Arizonian" is not to be considered a Western picture, though it has all the action of a cowboy film could hope for. Rather it is a picturization of the West in its early days, done on a big scale which represents a wealth of genius and effort in its making. It is a page torn from the history of the Western frontier. Its entertainment values lift it far above the class of a "horse opera," and
