

New Program To Be Offered Growers

The existing program for 1936-37 is designed to encourage soil-improvement and to stabilize the production of corn and hogs for the best interests of the grower and the consumer.

The need for building up the soil is now greater than for increasing the planting of food and feed crops, said W. W. Shay, state specialist at State College.

The new contracts stipulate that land retired from corn cultivation must be planted to soil-building or erosion-preventing crops, pastures, trees, or the like, Shay stated. And this must be in addition to the land normally used for such purposes, he emphasized.

In the past, he added, the production of hogs has fluctuated widely over a year or a short period of time, and the program will tend to keep production in line with consumption.

A grower may agree to adjust his corn production next year by 10 to 30 per cent of his base and receive an adjustment payment of 35 cents a bushel on the average yield of the land taken out of corn.

To receive the maximum hog payment, the grower must raise not less than 50 per cent nor more than 100 per cent of his market base. The payment will be \$1.25 for each hog in his market base.

Under certain conditions, a grower may sign to adjust his corn crop and keep his hog production the same, or to adjust his hog production and keep his corn crop at the same level.

In 1937 the adjustment and payments will be similar to those in 1936; the exact rate to be announced later by the Secretary of Agriculture. The new contracts will be ready in the next few weeks, Shay added.

\$3,000,000 PAID TO N. C. FARMERS

The Agricultural Adjustment Administration poured almost \$3,000,000 into the pockets of North Carolina farmers during the months of July, August, and September.

Rental and benefit payments to farmers cooperating in the crop adjustment programs accounted for \$2,278,084.79 of the total, said Dean I. O. Schaub, of State College.

The largest sum went to tobacco growers, who received \$1,443,792.83. Cotton growers got \$997,218.76, corn-hog producers \$128,642.57, and wheat growers \$8,432.63.

In addition, cotton growers who placed surplus tax-exemption certificates in the national pool received \$1,361.73 from the sale of

Watch For Oil Trucks

Those of us who have been using the highways in recent weeks are entitled to the increased number of oil trucks on the highways. Most of these trucks are equipped with two wheels or four wheel trailers which add much to the congestion of our roads and endanger the lives of the citizens who want to use their cars for business and pleasure.

These trucks not only endanger the lives of our citizens but they are tearing up our roads more rapidly than we are able to rebuild them. Unless something is done to take these heavy loads off our roads, we will wake up some bright morning to find that we have no roads in eastern North Carolina.

We would suggest that all persons who plan to use the highways be on the alert and have breaks in good shape so as to be able to protect yourself against the enormous trucks that constantly threaten your livelihood.

Smaller Says Punks

There's still room at the top for ambitious young men, declares Walter B. Pitkin, former editor of "Life Magazine of Party." It is smaller than it used to be, and instead of being in a city skyscraper, it may be on main street of the old town.

Able young men and women today, Dr. Pitkin says in the current Rotarian Magazine, should take a realistic view of the changes and recognize the fact that it may be necessary for them to work longer than the able youth of another generation at jobs requiring less than their full abilities.

Recent Revivals

Rev. J. A. Boyd of Allinston was with Rev. J. L. Knight for a weeks meeting late in November at Calypso with fine attendance and good preaching. Mr. Boyd won a place in the hearts of all who had the privilege of meeting him.

Rev. R. C. Clontz of Whiteville was at Stamford last week closing the meeting Saturday night. This is Mr. Clontz's seventh meeting in this church and he has endeared himself to the hearts of the people. The cold weather kept back many who were accustomed to attending this yearly revival.

Rev. C. C. Myers of Wilmington was at Pleasant View all last week and had a wonderful time in the revival service. The attendance was good and Mr. Myers brought wonderful messages each day. The meeting closed Sunday night and Mr. Myers left Monday for Wilmington. He plans to return later in the year with his pack of rabbit dogs and have a days hunt in that section.
