Find Champion Tobacco Raiser

C. H. Smith of Smith's Township was in town this week and made claim to being the champion tobclaim to being the champion tob-acco raiser of the country by pre-nenting measurments on some of his crop. Mr. Smith measures the fourth leaf on the stalk of tobac-to and found it to be twenty nine and three-fourth inches long and nineteen and three-fourth inches while That is three-fourth inches

wide. That is some leaf. Mr. Smith also reported that his Mr. Smith also reported that his plants are running from 30 to 33 leaves to the stalk. This has been a good season for tobacca and por-haps some farmer in the country can give a better report than did Mr. Smith, So send your measure-ments in to the time.

FAISON

Advice Advice is seldom welcome, and those who want it most, always like it the least.

Higher Quality Raw Materials! More Efficient Manufacturing! Lower Distribution Cost! These All Combine to Give You Extra Values at No Extra Cost!

FROM the day of its introduction, the Firestone Standard Tire has more than lived up to its name by setting a new high standard of tire values. Hundreds of thousands of car owners have already bought it as their number one choice because they saw in it more value for their money.

"How does Firestone do it? How can they build to many entries value features into Firestone Standard Three and yet self friem at such low prices?" The manyer is simple — Firestone controls better-builty rubber and cotton supplies at their source, here manufacturing costs low by efficient factory methods and selfs in such huge volume that disribution costs are held to a minimum.
