NEW YORK (Special)—As the housewife repota geraniums or the gardener moves berry bushes, so does the New York World's Fair 1939 Corporation transplant stately trees from five states to the 1216½-acre exposition site. The Fair's landscape engineers explain that the moving of the big trees differs from the replanting of small shrubs only in the matter of size, and that modern mechanical aid so make possible the creation of a mature-looking park on the newly made land of Flushing Meadow.

Shown at the top of accompanying photographs is a grown maple that has just been restored to upright position after a 120-mile ride on a specially-built truck. Note truck's winch and the secure ball-

ing of earth about the tree roots. In the centre is a 36-feet Norway maple, 12 tons weight, moving the last few yards to its new home by means of the forward gear of a modern tree mover. All trees shown, a number of the 474 veterans moved this spring, are new to the great expanse of filled land. The Fair will move 10,000 trees and 250,000 shrubs.

Shown, just above, on the bay hunter is Harvey D. Gibson, President of the Manufacturers Trust Company and Chairman of the Fair's Finance Committee. Up on the handsome grey and speaking to a landscape engineer is Grover Whalen, President of the Fair Corporation, during a horseback tour of the site extending three and one-half miles.

Maxwell's Mill is the most per had gier place in our community now the weather has been very hot and we find it the micest and most pleasant place to rest and enjoy the cool investe. There is always flahing, beating and swimming going on People come from the last and near.

H. D. Maxwell and P. C. Ken-bel Helt medy of Kinston returned Tunsday night from Asheville. M. U., where they spent several days. They visited numerous places of interest and spent one night on Mt. Mit shell. It is a coincidence that 31 years ago this week Mr. Maxwell's father, Dr. J. F. Maxwell, who is remembered by us all, went to Asheville with Park. Hunn and other Kinston frincits for a few days vacation, spent a night up on Mt. Mitchell. They rode mules up the mountain with blankets tied on their backs. Dr. Maxwell spent his birthday, July 12th in Asheville and never ceased to speak of the beauties and wonderful scenes there. As long as he lived he loved North Carolina, and after his trip to Canada and other places of intrerent, he still said, "Of all the beautiful scenery I have yet seen in Canada, North Carolina in the most beautiful."

Miss Victoria Goooding celebrated her 16th birthday with a party at the home of her sisters, Mrs. J. W. Rhue, on Saturday afternoon July 3rd. There were about 50 present to enjoy the occasion. The guests were entertained in the livingroom which was decorated for the occasion, Games of different kinds were enjoyed and the guests were lined up and invited.
