He continued to say that farmers are beginning to realize that control depends on voluntary procedure to regulate production enough to secure satisfactory prices for the farmer's crops.

County Gossip

(Continued From Front Page)

Mr. Height is a native of New Jersey but has been coming to Duplin County for many years. He has a particular liking for our county, he says. His charming wife looks more like a Southern lady than she does a New Jerseyite and we are tempted to claim her for Duplin County.

Mr. Height operates a grocery store and butcher shop in Springlake, operating a fleet of trucks and employing several meat cutters and quite a number of helpers. He says he is a hard working man, and not of the extremely wealthy class, lapping in luxury, as we Southerners are prone to think of Northern visitors to our soil.

Mrs. Height is interested in Club work and each year exchanges club books from her club with the Kenansville Woman's Club.

The Heights are loyal subscribers of the TIMES and say they had just as soon miss their home town paper as to miss The Times. In fact we believe they have sorta adopted Duplin County as their second home and we are right proud to claim them.

Rev. Fitzgerald

(Continued From Front Page)

made his home at Seven Springs. The second year of his work in Duplin County he was married to Mrs. Sec. of Foughkeepsie, N. Y. He had been married once before, his first wife having died several years ago.

About three years ago the deceased fell a victim of Diabetes and soon after becoming afflicted suffered an infected foot. Blood poisoning in the foot necessitated amputation of his left leg at the thigh. He was forced to give up his ministry and retired to private life at the old home of his wife in Foughkeepsie. Since his retirement he has been a frequent contributor to the TIMES. His articles, entitled "Fitzgerald's Letter" have been read by hundreds in Duplin County.

Mr. Fitzgerald was a folksy sort of person and made friends everywhere he went. He was loved by more people in the churches he served than probably any other pastor. At Seven Springs, where he made his home, he was the community pastor. He was called on by everyone, regardless of church membership, and probably conducted more funerals than any preacher ever to serve any church in Seven Springs. When any one was in trouble Mr. Fitzgerald was usually the first on the scene. In the neighborhoods he served his spirit will live for many decades to come.

He is survived by his widow, several brothers and sisters and a stepson.

A delectable picnic supper followed, served in the basement cafeteria style, after which Mrs. Estelle T. Smith, district home demonstration agent for the southeastern district, gave a most inspirational talk, urging the men and women of every age to "Wake up and Live."

40 Years ago and Today

Forty years ago salesmen representing the manufacturer called on the local merchant and he was forced to buy whatever the salesman had to offer. Today the local merchant goes North to the market and makes his purchases to suit his customers.

That is what Simon Katz in Warsaw has just done. He returned from the Northern markets this week and his store is now filling up with the greatest array of new merchandise ever seen in the history of the concern. New clothing for the entire family at the lowest prices. "Come and see for yourself," Mr. Katz said, "A call at our store will convince you." —Adv.

The remainder of the evening was spent in socializing and the assembly proceeded to enjoy itself with singing songs, from all regions, the "Whining" everybody at the meeting when it came to singing the "Big Apple."
