

be one of the most unforgettable dramas of all time. "The Road Back" is the story of love and hate and disappointment after the Armistice freed brave men from the horrors of war to go back into a peaceful world and face the horrors of starvation, without jobs.

It is a sequel to "All Quiet on the Western Front" and was written by a man who faced the horrors of the great war and lived through them, a man who knows whereof he speaks. Erich Maria Remarque risked his life and liberty to get the secrets of the war which had been so carefully guarded, and laid them before the public in "The Road Back." Everyone should see the picture.

PARAMOUNT, IN KINSTON
The Paramount theatre, in Kinston brings to its screen Sunday, Monday, and Tuesday the greatest picture yet to be filmed in Shirley Temple's career. The story that waited for its star, "Heidi," brings a Shirley Temple more glorious than ever before in the film version of Johann Spyrri's beloved story. Shirley is supported by that lovely actor who has played so many heart-touching parts, Jean Harsholt.

The story of a lively little Swiss girl and her hermit grandfather, and the troubles they find in trying to stay together has been demanded by more than 5,000 letters from Shirley Temple fans in

the past five years, but a work so great and well-beloved as "Heidi" had to wait until the perfect star for the part was found. Since Shirley has departed from the type of picture in which she first appeared she has developed into the perfect player for the story, and it is

now available to the public, in a form which should prove suitable to the most critical movie-goers.

N. C. Ideal For Growing Turkeys

Although turkeys are not raised in North Carolina, there is evidence to show that as fine market birds can be produced here as in any state in the Union. Unfortunately, declares C. J. Wiggins, extension poultry specialist at State College, many growers have not given careful study to the food requirements of the growing turkey or enough attention to the proper methods necessary to grow healthy birds.

While most people eat turkey only on Thanksgiving and Christmas, a new order of turkey-raises has sprung up which observes no traditional days. This change in consumer demand keeps the birds flowing to the market continuously. Also it has resulted in younger and smaller turkeys being marketed.

Morgan points out that since the price of turkey has dropped in recent years until it closely approaches the price of chickens, the cost of production to the farmer has become of vital importance. The death rate of young and growing turkeys and efficient and economical feeding enter largely into the cost of production, the State College poultryman says. In tests it has been found that from 3-1/2 to 4-1/2 pounds of mash and grain are required to produce one pound of live turkey prior to 28 weeks of age.

Where mash and grain are fed up to this age, the approximate consumption will probably be about 80 pounds for males attaining a weight of 13 pounds and approximately 50 pounds for young hens attaining an average weight of 11-1/2 pounds. Even where there is an excellent range, the

best growth and finish will be secured when growing turkeys have access to such.

Birth Certificate Virginia Dare Going to London

Raleigh, Nov. 4.—Having been notified through the Secretary of State at Washington that the British Government would be pleased to accept this gift for its archives, Dr. Carl V. Reynolds, State Health Officer, will have framed immediately an official copy of the birth certificate of Virginia Dare, which he will forward to Ambassador Robert Hingham in London, for formal presentation there.

The certificate will bear the signatures of President Franklin D. Roosevelt and Governor Clyde R. Hoey, and the frame used will be similar to those used with the certificates presented to the President and the Governor.

Inquiry as to whether His Majesty's Government would accept the gift was made through Secretary Hull, who addressed the British Embassy at Washington on the subject. The State Department has forwarded Dr. Reynolds the following formal reply:

"His Majesty's Charge d'Affaires presents his compliments to the Secretary of State, and, with reference to his Note No. 323 of the 29th September last, has the honor to inform him, under instructions from His Majesty's principal Secretary of State for Foreign Affairs, that His Majesty's Govern-

ment in the United Kingdom deeply appreciates the proposal of Mr. Carl V. Reynolds to present them a gift of a framed copy of the birth certificate of Virginia Dare, signed by the President of the United States and by the Governor of North Carolina. His Majesty's Government will be most glad to accept this gift, which will certainly constitute a valuable addition to the archives of the United Kingdom."

SERVICES SUNDAY

Rev. F. L. Goodman will preach at Hallsville Presbyterian Church Sunday Morning at 11:00. Sunday school will be held at 10:00. The service at Stanford will be at 3:00 this winter and Sunday school at 3:30. You are invited to make these services your services.

KNIGHT AT HALLSVILLE

Rev. J. I. Knight of Mount Olive will be the guest speaker at Hallsville Presbyterian Church next Sunday evening at 7:00. Mr. Knight conducted a revival in this church recently and won many friends. All members of the church are urged to be present for the service.

DR. STOREY AT TEACHEY

Dr. H. C. Storey of Wilmington is preaching each day at Teachey Presbyterian Church this week. He is bringing strong scriptural messages to large congregation. You are invited to worship with people of teachey in this series of services.

RIGHT OUT OF THE AIR

In a recent addition to the impressive array of props in Hollywood's radio studios is—of all things—an out of date telephone book supplied by Bob Burns. The Arkansas philosopher brought it into the Music Hall on a recent Thursday night for Misha Amersbach, the noted concert star who was appearing as a guest on the show. It came in handy to raise the piano bench, which was too low and the director is kept on hand permanently for future guests' use.

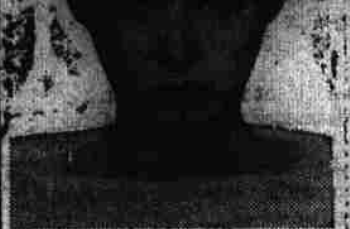

Bob Burns, who plays Clarence in "One Man's Family" is living in a mountain ranch in the hills above Hollywood and she has named it "Eck Ranch," after her scriptural home in the radio serial.

Whenever Olsen and Johnson, the comedians, heard of old vaudeville friends down on their luck they give them bits on their programs and pay them well. The funsters have found that these old-time showmen have much to contribute to radio.

Late in November Marion Davies will do another Radio Theatre performance. This time it will be "Fog

Margaret McBride calls for three weekly air contributions over CBS. She follows her articles after the style of current newspaper columns which discuss topical events of the day.

Claire Trevor always had a suppressed desire to be a newspaper woman. The lovely actress has had

CLAIRE TREVOR

her wish come true via radio. She is enacting a role of a society reporter in support of Edward G. Robinson's managing editor characterization on the CBS series, "Big Town." Newspaper friends coached Miss Trevor so that she lends authenticity to her interpretation.

With 1937 down in the book as the year that made a ventriloquist's dummy a leading radio personality, it also marks the debut in radio of the acrobats, Clarence and Claude, the acrobatic Stroud Twins, are a new discovery of Rudy Vallee's program and have just obtained a regular berth on the Sunday night Nelson Eddy-Charlie McCarthy show. However, the boys don't do acrobatics on the air; they've turned into comedians.

Radio is responsible for the reappearance in public life of many stars of the stage and screen who had gone into retirement. Conrad Nagel is a shining example, fared away from the movie factories, Nagel is now winning new plaudits as director and producer of the Sunday Afternoon Silver Theatre which features prominent movie names in starring roles.

MARION DAVIES

"My Heart" and an all star cast will support Miss Davies. Each year Miss Davies has been starred in Radio Theatre at least once. Last time she took everybody connected with the show to her Santa Monica home after the broadcast for a big party.

Peter Van Steeden, "Town Hall Tonight" maestro, is a fastidious young man who will laugh at a joke only when it is extremely funny. That's how Walter O'Keefe, comedian on the program, finds out at rehearsals what his strongest gags will be during the program.

An "animated column" is what Mary
