limitations; and knowing the distinction and credit with which the present incumbent has filled this great and important office, I ask the voters of the District and State to elect me to this very responsible position, doubting that I will be able to fill the office with the distinction and credit to myself and the State that has been accomplished by the present incumbent and the late beloved Judge S. H. Allen, a near neighbor and a very dear friend of mine.

I do promise that if I am the choice of the voters of the District in the June Primary and am elected, I will endeavor to discharge the sacred duties of this important and responsible office fairly, impartially and justly towards all persons.

Regardless of the outcome of my campaign for the office of Judge of the Superior Court of this District, I shall always love and be very grateful to the people of the District for their friendship and loyal support in the five campaigns which I have been through for the Solicitorship. In that office I rendered the very best service that I was capable of rendering and I thank each and every voter of the District from the bottom of my heart.

With very best wishes, I beg to remain,

Yours truly,

J. A. POWERS.

The last whisper we heard, though, was that John Dawson of Kinston has the bug in his ear and may enter for the judgeship. In that event it seems that it will be a free for all and may the best man win.

S. Alston Barker, of Roseboro, former State Senator and Judge of the Sampson County Recorder Court is a candidate for the solicitor's place regardless of set-up or edginess. Mr. Barker is a very likeable man, believed to be capable, and has rendered good service to his political supporters in the past. Probably a former set of Duplin County Commissioners will recall Senator Barker.

U. D. C. at Warsaw High School

On the morning of Jan 19th, members of the local chapter of the United Daughters of the Confederacy went up to the High School for the Chapel Exercises held in commemoration of the birthday of Gen. Robt. E. Lee.

Southern songs were sung by the students.

Mrs. J. W. Farrior presented Mr. Robt. Lee West who, as speaker of the occasion paid tribute to him as a man among men, a character worthy of study and emulation.

A group of girls sang "Way Down Upon the Swannee River."

Mrs. C. B. Best, historian of the James Kenan chapter, presented a framed picture of Gen. Lee. Mr. Miller graciously accepted the picture on behalf of the school.

Later in the day a visit was made by the Daughters to the Grammar School where an informal program was held and a picture of Lee presented to the seventh grade room of Mrs. Sadler.

Tide Water Power Co. Announcing New Residential and Commercial Rates

Saving Our Customers Over \$51,000.00 Annually

Effective With Meter Reading Beginning February 1, 1938

In the past seven years savings totalling a Quarter of a Million Dollars annually have been passed on to our electric customers through similar rate reductions.

New Residential Rates

8 1/2¢ for the first 24 KWH
6¢ for the next 24 KWH
4¢ for the next 40 KWH
2 1/2¢ for the next 160 KWH
2¢ for all additional KWH
Except for Electric Water Heating
1 1/2¢ for all over 200 KWH

Some Typical Savings

Monthly Consumption	Old Bill	New Bill	Monthly Savings
15 KWH	1.50	1.33	.17
30 KWH	2.00	1.70	.30
45 KWH	2.35	2.13	.22
60 KWH	2.70	2.55	.15
75 KWH	3.05	2.85	.20
90 KWH	3.40	3.15	.25

In viewing the above, consideration should also be given to the fact that operating agencies during the past seven years have great-ly increased. For example, rates paid by the Tide Water Power Company have increased more than 100%.

Rates Before Tide Water Service In The Following Communities

It will be of interest to compare present rates with those in effect in the following communities when acquired by the Tide Water Power Company.

Atkinson	20¢ per KWH
Bayboro	18¢ per KWH
Burgaw	15¢ per KWH
Chadbourn	16¢ per KWH
Deep Run	15¢ per KWH
Georgetown	15¢ per KWH
Gritton	15¢ per KWH
Mayville	15¢ per KWH
Oxford	15¢ per KWH

Pink Hill	15¢ per KWH
Rocky Hill	15¢ per KWH
Seven Mile	17¢ per KWH
Swain Hill	15¢ per KWH
Tabor	15¢ per KWH
Tranton	20¢ per KWH
Wallace	16¢ per KWH
Warsaw	15¢ per KWH
Widewater	18¢ per KWH

In view of these provisions at the time of purchase by the Tide Water Power Company, it was reasonable, in some cases, and in all cases, to bring about a reduction in rates. The fact that the rates have been brought about only through the acquisition of large areas of territory in improving the electric system and increasing production.

In the past the Company has had to increase its rates in order to meet the cost of the property and the cost of the power. It is the policy of the Company to make reductions in rates as conditions warrant, while consistently striving to improve the service and to keep the rates as low as possible in your case.

The bill is placed to give you additional information about the rates in effect in each community in your case.

INSURANCE:

One usually thinks of insurance as purchasing protection from loss by fire, wind, and various hazards, or insurance on one's life from an investment or protective standpoint. But there is another kind of insurance that means far more than either fire or life insurance and that is:

TRUST FUNDS:

What good are life insurance policies unless the income from those policies is properly handled as you would handle it yourself? If you had a five thousand dollar policy paid up and the cash turned over to you today you would know how to handle and invest it. But what about those children and the wife who will be left helpless if you should suddenly be snatched from them.

INVESTIGATE:

Our trust department and let us help you plan a sure way of properly protecting and looking after your loved ones. We urge you to call on us about this or any financial question without obligation on your part.
