## HANDLING IN CHOCOLATE

**MRS. MABEL M. HOLT**  
Government  
We are glad to report that Mr. S. G. Maxwell is able to walk around some without the aid of his cane crutches. His for you, but be careful when doing the "big apple".

Mrs. H. D. Maxwell attended the show in Kinston Monday. Mrs. W. H. Southernland, Mr. and Mrs. James Southernland, Mrs. Lucy Southernland and Mrs. Mattie Brewer visited Mr. and Mrs. Bowden Southernland Thursday afternoon. The latter has been sick for sometime with the flu.

Mrs. J. D. Williamson of Pink Hill visited her brother and sisters in Chocolate last Tuesday. Mrs. Georgia Kornegay visited Mrs. Warren Maxwell one day last week.

Mrs. J. W. Rhue and sister, Victoria Gooding and Mrs. John Williamson Gooding made a trip to Goldsboro Tuesday afternoon. Miss Wena Holt who is a student at ETC College, spent the week end with her parents here.

Little Joyce Maxwell visited her grandparents, Mr. and Mrs. R. G. Maxwell a few days last week.

Mrs. John Wm. Gooding and Mrs. Mabel M. Holt visited Mrs. Irene Smith Tuesday afternoon. She returned home from Parrott hospital Sunday afternoon.

Mr. Roland Smith continues very ill at a Kinston hospital, report are that he was given a blood transfusion Saturday afternoon. We wish for him a very speedy recovery.

The Juniors and Seniors of the B. F. Grady High School had their banquet at Hotel Kinston Saturday night. Quite a crowd attended. Frederic Grady was Toast Master for the Juniors and William Sutton for the Seniors. Many toasts were given and the response very good. The refreshments served were delicious. All report a delightful occasion.

Mrs. H. D. Richardson of Stanhope spent the week end with her mother, Mrs. Mabel M. Holt.

Miss Doris Smith, who teaches with Mrs. Richardson spent the weekend with her family here.

Mrs. Jessie Stanley had a quilting party Wednesday.

Mr. and Mrs. H. D. Maxwell attended the meeting of the Eastern Carolina Miller's Association at Sasser's Mill, near Kinston, Wednesday.

Mrs. Warren Maxwell visited Mrs. Mabel M. Holt Thursday afternoon. She is always a welcome guest, scattering sunshine along her way.

Mr. and Mrs. Norman Smith visited Mr. and Mrs. John William Gooding Wednesday night.

Mrs. H. D. Maxwell and children, Hugh, Rose and Violet, were Kinston shoppers Saturday afternoon.

Mr. and Mrs. Woodrow Smith had as their dinner guests Sunday, the latter's parents, Mr. and Mrs. George Albertson, of Kenansville, and her sister and husband. Mrs. Verdabelle Simmons, visited Mrs. Mabel Holt Saturday afternoon. Her daughter, Belle Simmons, who came home from Fay-

sville recently, been in training at Hospital, will attend at High School for awhile, and up some unfinished work returning to her work at Fayetteville.

Misses Virginia Turner and Victoria Gooding, Mr. and Mrs. S. V. Turner, Mr. Eldredh Kornegay, Misses Ruth Denning and Annie Maxwell, were guests of Mrs. Mabel M. Holt, Sunday afternoon, and for awhile Sunday night. We enjoyed the "old time" pictures. It's amusing to look them over.

This is hoping that all our correspondents will cooperate with our good editor and staff in getting out on time the best paper, "THE TIMES."

## U. S. ARMY WANTS MEN, FLYING CADETS

The War Department has announced an increase in the number of men to be enlisted as Flying Cadets and trained to become aviation pilots. In view of the authorized increase, there are a large number of vacancies available to qualified men for appointment as Flying Cadets.

Applicants to be eligible for appointment must be between the ages of 20 and 28, unmarried, in excellent physical condition, and all applicants must have a minimum of two years of college education, but applicants who can not meet this requirement may become eligible for appointment by passing a special examination.

The course of instruction begins at the Air Corps Primary School, Randolph Field, Texas, and is continued at the Advanced Flying School, Kelly Field, Texas. After this instruction, cadets may be assigned to tactical units of the Regular Army Air Corps for further experience. Flying Cadets who complete all courses satisfactorily will be appointed Second Lieutenant in the Air Corps Reserve, and many of these Reserve Officers will be ordered to active duty with the Regular Army for periods not exceeding five years. Many will also be offered commissions in the Regular Army, within authorized strength limits and appropriations.

All expenses incident to training are borne by the Government, and in addition, Flying Cadets are furnished their clothes, comfortable quarters, a subsistence allowance of \$1 per day and pay at the rate of \$75 a month. Reserve Officers on Active Duty receive the same pay as Regular Army Officers of the same grade. Reserve Officers who complete three years active duty are given a bonus of \$500.

Any applicant who can meet eligibility requirements as stated above and who wishes further information should apply in person at the nearest Army Recruiting Station. Recruiting Stations in the Carolinas are located in Charlotte, Asheville, and Winston-Salem, N. C., and Columbia, Florence, Greenwood, and Spartanburg, S. C. Offices in all the above cities are in the Post Office Building, except at Columbia, S. C., where the office is in the U. S. Court Building.

## K'Ville Scouts Assist in Service

The Boy Scouts of Kenansville, visited the County Prison last Sunday afternoon and assisted in the service there in which Rev. Y. L. Goodman was the minister. The boys sang two hymns as their part on the program. After the service at the camp, the boys visited the men's division of the County Home.

## District Court For Scouts

The Boy Scout Court of Honor will be held in Warsaw on Feb. 25 at 8:00 with Chairman Henry L. Stevens in charge. The Troops from Kenansville, Rosehill, Clinton and Warsaw will have part in the court. The parents and those who are interested in Scouting are asked to be present at the Court.

A complete four-year crop rotation has been worked out on the farm of A. N. Honeycutt, Coats, and a three-year rotation on the farm of Louis Gilbert, Dunn, reports J. B. Gourlay, Harnett County assistant farm agent.

To remove snow, ice and sand from their tracks the railroads of this country in 1938 spent thirteen million dollars.

# WE SWITCHED TO 3-8-8 AND KEPT THE LAND!

Says **BEN PEACOCK, FREMONT, N. C.**

**BEN PEACOCK**, Mgr. Hooks Brothers, Fremont, N. C. (left) says: "We have some land on which tobacco showed considerable disease for several years. We were about ready to sell the place, but decided to change our tobacco fertilizer from 3-8-3 to 3-8-8. The 3-8-8 has cleared up the disease and produced good quality crops. We have decided to keep the place."

**C. E. HUMPHREY**, R. F. D. 5, Highlands, N. C. (above) says: "For two years has been our tobacco fertilizer and we plan to use it again this year. We think that even more potash could be used to advantage on our tobacco and will test it out. The extra potash in 3-8-8 improves both quality and yields. The leaf is smoother with better body and there is

less off-grade tobacco. We also use 8% potash in our cotton and corn fertilizer."  
**CLIFTON REE**, R. F. D. 4, Goldsboro, N. C. (above) says: "I found out about the value of extra potash in improving the quality of tobacco by top-dressing with **NV SULPHATE OF POTASH** at the first working. For the last three years I have been using 3-8-8. Extra potash smooths

out the leaves and helps to prevent rim fire and tip burn."  
**F. E. COLEY**, R. F. D. 4, Wilson, N. C. (above) says: "My tobacco fertilizer at planting carried 5% **POTASH** and then I used a top-dresser containing 20% **POTASH** at the first working. Legs at \$25.00 and better than \$400.00 per acre is good enough for me. Extra potash has given me better yields and better quality. Extra potash does not pro-

duce extra growth, but gives a smooth, better-bodied leaf that has more weight."  
**L. A. LANCASTER**, R. F. D. 4, Goldsboro, N. C. (above) says: "3-8-8 is a better tobacco fertilizer than 3-8-3 for this section. 3-8-8 brings me more money than I am looking for every time. 25c tips and 28c lugs look mighty good to me. The principal thing that extra potash does is to improve the quality of tobacco."

**EXPERIMENT STATIONS**, farmers and fertilizer men have discovered that tobacco needs many times more potash than it received in the past to return the profits that you deserve. The farmers whose statements you have read above are only a few of the many thousands who have discovered that it pays to give their tobacco plenty of potash.

The Tobacco Research Committee now recommends fertilizer containing at least 6% **POTASH** to be used at the rate of 800 to 1200 pounds per acre, plus a side-dressing of potash equal to 120 to 240 pounds of **SULPHATE OF POTASH** per acre, the side-dressing to be applied within 20 days after transplanting.

Your Fertilizer Man will be glad to supply you with 3-8-8 **TOBACCO FERTILIZER** for use at planting and **NV SULPHATE OF POTASH** for side-dressing. If you want bigger yields of better quality tobacco, use more **NV POTASH** this year. *It Pays!*

...Register Building, NORFOLK, VA.

## TO THE VOTERS OF DUPLIN COUNTY:

I hereby announce myself a candidate for the office of Sheriff of Duplin County, subject to the will of the Democratic voters in the coming primary. Your cooperation and support will be appreciated.

If nominated I pledge myself to the fulfillment of the duties imposed upon me to the best of my knowledge and ability with partiality to none and fair treatment to all.

Sincerely,

**Alex D. Kornegay**

## TO THE VOTERS OF DUPLIN COUNTY:

I hereby announce that I am a candidate to succeed myself in the office of Sheriff of Duplin County, subject to the will of the Democratic voters in the June Primary.

If nominated and elected I will continue to perform the duties of the office as I have in the past.

Your goodwill and support will be appreciated.

Sincerely yours,

**D. S. Williamson**
