He Knows I'm Fighting Too- To BACK THE ATTACK

Every woman with a sweetheart or husband, son or other loved one in service -- knows that the right kind of news from home cheers her man on! Especially news of how the people he knows are rallying to meet his every need for quickened Victory. News of War Bond purchases; civilian defense volunteer work the taking of a wartime job. And each of us can go still further backing up our fighting men, by buying only what we need -- and making our motto "make it over -- make it do" whenever we possibly can!

WHATEVER WE HAVE TO SACRIFICE TO BUY AN EXTRA \$100 WAR BOND THIS MONTH IS LITTLE COMPARED TO THE SACRIFICES MADE BY OUR MEN FIGHTING ON LAND AND SEA -- AND IN THE AIR...

How to keep the Good News Good!

THE WAR NEWS for the past few months has been mighty good for our side. And you can help keep it good. There's a big price tag on good news, on attacks and victories; a price tag of life, sacrifice, and cold hard cash. Our job here at home is to provide the cash. Plenty of it. Now! Good news is born of action, action consumes material, material costs money. That's the reason for the Third War Loan that's now on. This Third War Loan calls for every working man and woman to put extra money into Bonds in September. Not just the 10% of your salary. Not just spare change. Not just left-over dollars. But extra, hard-earned, budget-saved, money. It's the way, today, to back the men who are doing the real job of sacrificing. Buy Bonds--up to the hilt--today. Keep that news good!
