Advocates 30-Day

Trapping Season

At a meeting of the Board of Conservation and Development in Fayetteville on May 13, 14, and 15, Commissioner John D. Findlay of the Division of Game and Inland Fisheries presented a recommendation for a 30-day trapping season for fur bearing animals in certain eastern North Carolina counties. This season would extend from Jan. 1, to Jan. 31 and would be effective in the following counties: Bladen, Columbus, Duplin, Greene, Hoke, Pender, Robeson, Sampson, Wayne, and Wilson.

Action on this proposal will be taken at the July meeting and the recommendation is being made now in order that interested parties will have a chance to present their views either prior to the meeting or at the meeting in July.

No Shortage Of

Eggs Expected

Although the decline in egg production will be somewhat sharper than usual this summer, due to a shortage of feed, State Department of Agriculture declares there will be just as many eggs per person available during the second half of 1946 as in the fall of 1945.

Cows Bringing

Record Prices

Remarking that the price of feed has advanced from \$8 to \$15 per ton within the past two weeks, Kerr Scott expressed the opinion that there would soon be plenty of beef on the market, and very little milk, if ceiling prices weren't raised in dairy products.

GOING AFTER THE MEAT CHEATERS

More than \$50,000 was collected from six slaughterers during the past two months for violations of price regulations, OPA said today. During the same period, the agency filed 36 damage actions for three times the amount of overcharges, and 121 injunctions to prevent further price violations.

ALL COAL PRICES NOW ADJUSTABLE

Adjustable pricing of bituminous coal has been extended to include retail sales of five tons or less, OPA announced. The action also extends adjustable pricing to retail sales of coke, as well as to sales of briquets and packaged

fuel made from bituminous coal.

Under the adjustable pricing authority, sellers may open-bill their customers, collect the existing prices, and enter into agreements with their customers, to charge later, retroactively to May 20, 1946, any price advance OPA allows for miners' wage increases resulting from current negotiations.

Objectives of Peacetime

Savings Program

The treasury has a six-fold aim in continuing to sell Savings Bonds to the public:

1. To carry on the fight against inflation.
2. To store up as much as possible in Savings Bonds while money is plentiful and goods scarce.
3. To encourage Americans in habits of thrift and regular saving.
4. To carry on the popular payroll savings plan.
5. To continue the educational program in which 20,000,000

pupils were regularly buying War Saving Stamps and Bonds at the end of the war.

6. To keep the ownership of the public debt spread, so that as many as possible will share in the interest on this debt, rather than to have the interest channel narrowly into the hands of a few individuals.

FEELING FINE NOW MRS. GORDY THANKS RETONGA

Had To Force Down What

She Ate And Suffered Miserably From Heartburn And Sleeplessness, Says Well-Known Resident. Feels Like Different Person Now.

MRS. J. R. GORDY

"I had to force down whatever I ate and felt miserably weakened, but now, thanks to Retonga, I have a ravenous appetite and feel better and stronger than in years," happily states Mrs. J. R. Gordy, respected housewife of 794 Harold Ave., S. E., Atlanta, Ga. Telling of her experience she gratefully continued:

"I felt let-down and utterly worn-out. My appetite was so jaded I had to use all my will power to make myself eat. Poor elimination made my head swim and I suffered agony from heartburn. Some days muscular pains were so severe I could hardly raise my arms. My weight dropped off. Naturally I felt completely whipped down when night came. However, I felt so restless I would roll and toss instead of sleeping, and morn-

ings I still seemed worn-out. "Retonga brought me grand relief. I actually crave food and can eat anything I want and I feel better and stronger than in years. I am publicly praising Retonga because I can perhaps help others suffering as I did by telling of the blessed relief this famous medicine brought me."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. There is only one Retonga; accept no substitute. Retonga may be obtained at the Kenansville Drug Store in Kenansville or at the Warsaw Drug Co., in Warsaw. (adv.)
