A 1936 Ford Coach driven by Foster Holland of Mt. Olive, Rt. 2, struck the left rear fender of a 1934 Pontiac driven by Frank Regis ter of Warsaw. Holland was going east on Chelly Street and Register was proceeding north on Pine when the collision occurred. The Pontiac drug the Ford about ten feet and then turned completely over, land-ing right side up and headed in the opposite direction, about 42 feet from the point of impact.

The Pontiac was almost complete-ly demolished, and Shirley Zachary, young daughter of Shelby Zachary Register and his wife, was thrown out of the car. She was uninjured. Holland's car was damaged some-what around the front, but otherwise unharmed. Other occupants the Holland car were his wife and babe in arms. Mrs. Holland was shaken up and suffered minor bruises, but the baby and Holland himself were unhuri.

The two drivers indicted each other, and both were bound over to County Court May 26th, in a hearing Tuesday night before mag-istrate W. R. Blackmore.

section of Duplin was jailed here Tuesday night to await a hearing

at the home Tuesday night with her neck broken, face scratched and face and head bruised all over. The room was torn in shackles, Every piece of furniture literally broken except the bed, officers stated. Spots of hair, purported to be from her head, were found in several places on the floor.

According to reports from offi-cers and coroner C. B. Sitterson, Jimmy Teachey, brother of the slain woman, went to Wallace during the night and reported the murder. Chief of Police Boone of Wallace, accompanied by S.E. Williams of Wallace went to the home and arrested Loomas, who was then in a drunken stupor. He was imme diately taken to the Kenansville jail. Deputy Sheriff Wagstaff and Coroner Sitterson accompanied Boone and Williams back to the scene of the crime near midnight.

A jury composed of the following from Wallace was immediately subpoenaed: Raleigh Stevens, Charlie Martin, Wm. C. Mathews, Gorden Hatcher, Edmond Jarman and Billy Meeks. They were taken to the Loomas home before day Wed-nesday morning and viewed the body and surroundings. The hear-ing was continued until three o'clock Friday afternoon in the court

Coroner Sitterson related the following story to the Times:

Robert Teachey, about 14 year old, son of Jimmy, said that when he left the house around 11 o'clock that morning to go to the funeral of an aunt Fred and Dorothy were lying on the floor in the house. Both were drinking. When he refurned from the funeral around 4 o'clock Dorothy was lying across the foot of the bed and Fred was lying on the side of the bed. He went to the strawberry patch to pick some berries to eat and he saw Fred going out of the house, to and from the woods and walking around the yard at different times with bundles. When he came back to the house Fred told him to go feed the mule. On returning to the house Derothy was lying in the middle of the bed wrapped up. This was all he knew until the murder was discovered.

Jimmy Teachey, who was staying Mrs. Sudie Lewis national capital, erected upon the highest elevation within the Distat the house at the time, told offirict of Columbia, Mount Saint Al-ban, rise the unfinished walls of cers that after the funeral he came hack to the Loomas house, changed hack to the Loomas house, changed Washington Cathedral. Wednesday morning Sheriff Jones accompanied by his deputies and a Times representative went to the jail cell of Fred and tried to get him to tell something. Fred appeared in a somewhat groggy condition at that time, around ten o'clock. All he could say was that he and Jimmy went to a Mr. Hall's store. When they came back he found his wife in bed. He punched her but she didn't move. He said 'I says 'Honey' and she says nothin' I says Honey again and she still says nothing. I goes in the next room where Jimmy is and tells him. Jimmy comes in feels of her and says she is cold. Jimmy then goes one way and I goes another to tell neighbors. What I honestly think, your honor, the truth is she died from that stuff she had been

RAIN - It seems that the rain prognostigator is off his beam th lays. We have been promised ri for several days now and nothing happens except in scattered spots As we go to press Father Nep-tune has given us the smile. Light rains have fallen pretty generally over the county.

LIQUOR - About the most cussed and discussed subject today, excep Russia, is whiskey. The drys want prohibition. The wets want liquor stores but wont admit it. Most of them probably would go to the polis and vote dry. Funny thing about the drinker, particularly the moderate drinker, he or she thinks no one knows they have had a drink. When the truth is everyone knows it.

Liquor is here, always has been here and always will be here. Thousands of panaceas and cures for the liquor problem have been offered. The now highly vaunted Alcholics Anonymeus is supposed to be a sure cure. A scientist, or psychiatrist in a Northern institution has discovered that by treating the patient with oxygen he can be cured.

There seems to be a general admission among authorities who are supposed to know that chronic drinkers are victims of a disease and must be approached in this

In our opinion a little more co mon sense and less talk will do more good than anything we have tried. On the street corner you hear the subject discussed. In every magazine you pick up you find a story about it. On the radios it is broad cast from morning to night as probably in most homes, are the youngsters, it is also discus Ministers lament forth about it in the pulpits and the daily and week ly press expound on its evils al too frequently, it is on the scree

Isn't it somewhat a part of one's nature to develop an interest something that is called to the attention eternally? We are taught that we are weak and subject to temptation. The power of suggestion being as strong as it is, lu many a youngster to take his first drink, whereas if he or she had heard less about it little thought probably would have been given to t. The drys yell that we give too ittle thought to the problem. I'm afraid we give too much thought to it when we think out loud so frequently.

If we cut out the press publicity. cut out the magazine stories, take it off the radio and screen, take it from the pulpit, cut out liquor adand other organizations that are spreading the story of John Barleycorn, continue the fight again bootleggers and have controlled legalized sales with a minimum of fanfare the liquor problem will begin to show signs of easing up.
