ADMINISTRATOR'S NOTICE
The undersigned, having qualified as the Administrator of the estate of Maud Baker, deceased, late of Duplin County, Smith Township, State of North Carolina, and having qualified before the Clerk of Superior Court of Duplin County, this is to notify all persons who have claims against said estate to present their claims to the undersigned Administrator on or before

G. Ashley Warrick and Cameron Warrick, his son, were held in \$7500 and \$10,000 bond respectively on Monday, January 3rd, at a hearing before Justice of the Peace C. H. Sitterson in Kenansville. Marshall Hughes, young man of Mt. Olive, who has been held with Cameron Warrick since Thursday last, was not given a hearing today, but will be given a hearing later. The charges of arson grew out of the burning last Wednesday night of the house occupied by the Warricks on the farm of W. A. Wadsworth in this county near Mt. Olive. C. Ashley Warrick, who was not at home when the house and automobile were burned, was not arrested until Wednesday morning.

At the hearing the same afternoon Marshall Hughes testified for the State against the two Warricks. He stated that he saw Cameron Warrick pouring kerosene on the floor, furniture and bed clothes in one of the rooms of the farm house while only he and Cameron Warrick were present. That he tried to get Cameron to stop and that Cameron told him "Let it all go to hell." Later he saw Cameron Warrick light a piece of paper and throw it into the room where he had poured the kerosene. That again he tried to get Cameron Warrick to help him put out the fire and that again was told by Cameron to "Let it all go to hell." Hughes also testified that the elder Warrick - C. Ashley - had asked him a few days earlier to burn his - Warrick's - automobile, but that he had refused to do so. He stated that on the night the house burned that he had gone to the automobile and found it burning on the inside and had taken a shot gun from the car. That he had smelled the scent of fuel oil in the automobile at this time and that Cameron Warrick had left the house sometime earlier and remained outside for about thirty minutes. Hughes testified that after trying to put out the fire without success that he had left the house and that Cameron Warrick had caught up with him and that they had gone into an outside toilet out of the rain and watched the house

burn.
It is reported that the furniture was insured in the amount of \$600 in the name of C. A. Warrick and that the automobile was insured for \$900 in the name of Mrs. C. A. Warrick.

The 3rd day of January, 1950, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.
This the 3rd day of January, 1949.

Postal Rates Increased

By: **CLYDE WINEBERGER**
Secty. N. C. Rural Carriers.

Last June the Congress passed Public Law No. 900, which increases postal rates effective January 1, 1949. The letter or first class rate remains at 3c per ounce and the 1c postal card and post cards remain the same as does the 2nd class rate of 1c for each 2 ounces. This includes newspapers and magazines.

AIR MAIL: The new rate for Air Mail is 6c per ounce or fraction and this includes Army Post Offices and Fleet Post Offices and Canada and Mexico and all places where the United States Mail Service is in operation. A new rate of 4c is for postal cards and private mailing or post cards. This Air Mail postal will soon be on sale by your rural carrier and at post offices. The regular 1c postal may be used by adding 3c additional postage and placing the words "Via Air Mail" there on. Air Mail weighing over 8 ounces is now known as Air Parcel Post and the rate begins at 55c for the first pound and 4c for each additional and on up depending on the zone.

The new Third Class rate is 2c for the first 2 ounces and 1c for each additional ounce. This class includes greeting cards, small parcels up to 8 ounces, etc. This 2c rate will apply to Christmas cards next December. (All fractions are counted as full ounce or pound).

The Fourth Class or parcel post rate for the 1st and 2nd zones up to 150 miles) 12c for the first pound and 2 and 2-10 cents for each additional pound up to 10 (All rates are slightly lower per pound beginning with the 11th pound). For the third zone (150 to 300 miles) 13c and 3c. Fourth zone (300 to 600 miles) 14c and 4c. The rates on up to the 8th zone are increased accordingly. (Note: Parcels mailed on rural routes are the same as if mailed at post offices).

Special Delivery: This rate for first class now begins at 15c. For other classes it begins at 25c and increases with the zone and the weight. These fees are in addition to the regular postage.

INSURANCE FEES: Up to \$50, 5c; 5.01 to \$100, 10c; \$100.01 to \$250, 15c; \$250.01 to \$500, 20c; \$500.01 to \$1000, 25c; \$1000.01 to \$5000, 30c. A return receipt is 5c additional on insured parcels.

Registration fees are as follows: 1c to \$5.00, 25c; \$5.01 to \$25, 33c and on according to the amount until a fee of \$1.50 is reached for one thousand dollars. A return receipt is 5c additional.

The above lists many of the most popular rates. Please inquire of the rural carrier or at the post office for further information, if desired.
Your rural carrier appreciates your cooperation in the past and further solicits it in keeping your mail box in good order, keeping the approach clear of objects, including impassable snow, in filling in your own money order applications, in keeping stamps on hand so that your letters and cards may be stamped before placing in the rural box, and other little things that help your carrier render better "Service with a smile."

HOW TO MAKE FARM EQUIPMENT last longer

Damage from rust, rot and neglect during winter is often more costly than the wear and tear of actual use. Here are some tips that cut down repair bills.

1. If possible, house tillage machinery in a good shed.
2. Clean out all dirt and trash.
3. Tighten loose bolts, check for cracked or broken parts.
4. Apply rust preventive to unpainted surfaces.
5. Remove belts and canvas - store in a dry place away from rats, mice and birds.
6. Order repair parts now and make repairs this winter.

Bring your machinery in now for reconditioning. We handle major overhauls, painting and minor repairs.
