WELCOME TO KENANSVILLE YOUR COUNTY SEAT

Kenansville Abounds In History — Next week you not only will hear history but you will observe it in the making.

"The Duplin Story"

hails the successful culmination of 200 years of glorious life and achievements of an honorable and sturdy people.

ALSO

"The Duplin Story"

hails the dawning of a new day in our County and County Seat. As we review the past, we pledge ourselves to a more noble and progressive future.

Kenansville is small and to some extent proud of its smallness. Its businesses is small in number but large in quantity and quality.

For the past two decades a substantial growth has been manifested. In more recent years that growth has gained momentum. During this upsurge of growth, this business came into being and now is proud of its position as Kenansville's largest merchandising establishment.

As we look to the future we look to further expansion.

We invite you to make Kenansville your trading and shopping habit. If you don't find it here let us know and we'll get it here.
